It was the best of times,

it was the worst of times,

it was the age of foolishness,

it was the epoch of belief,

it was the season of Light,

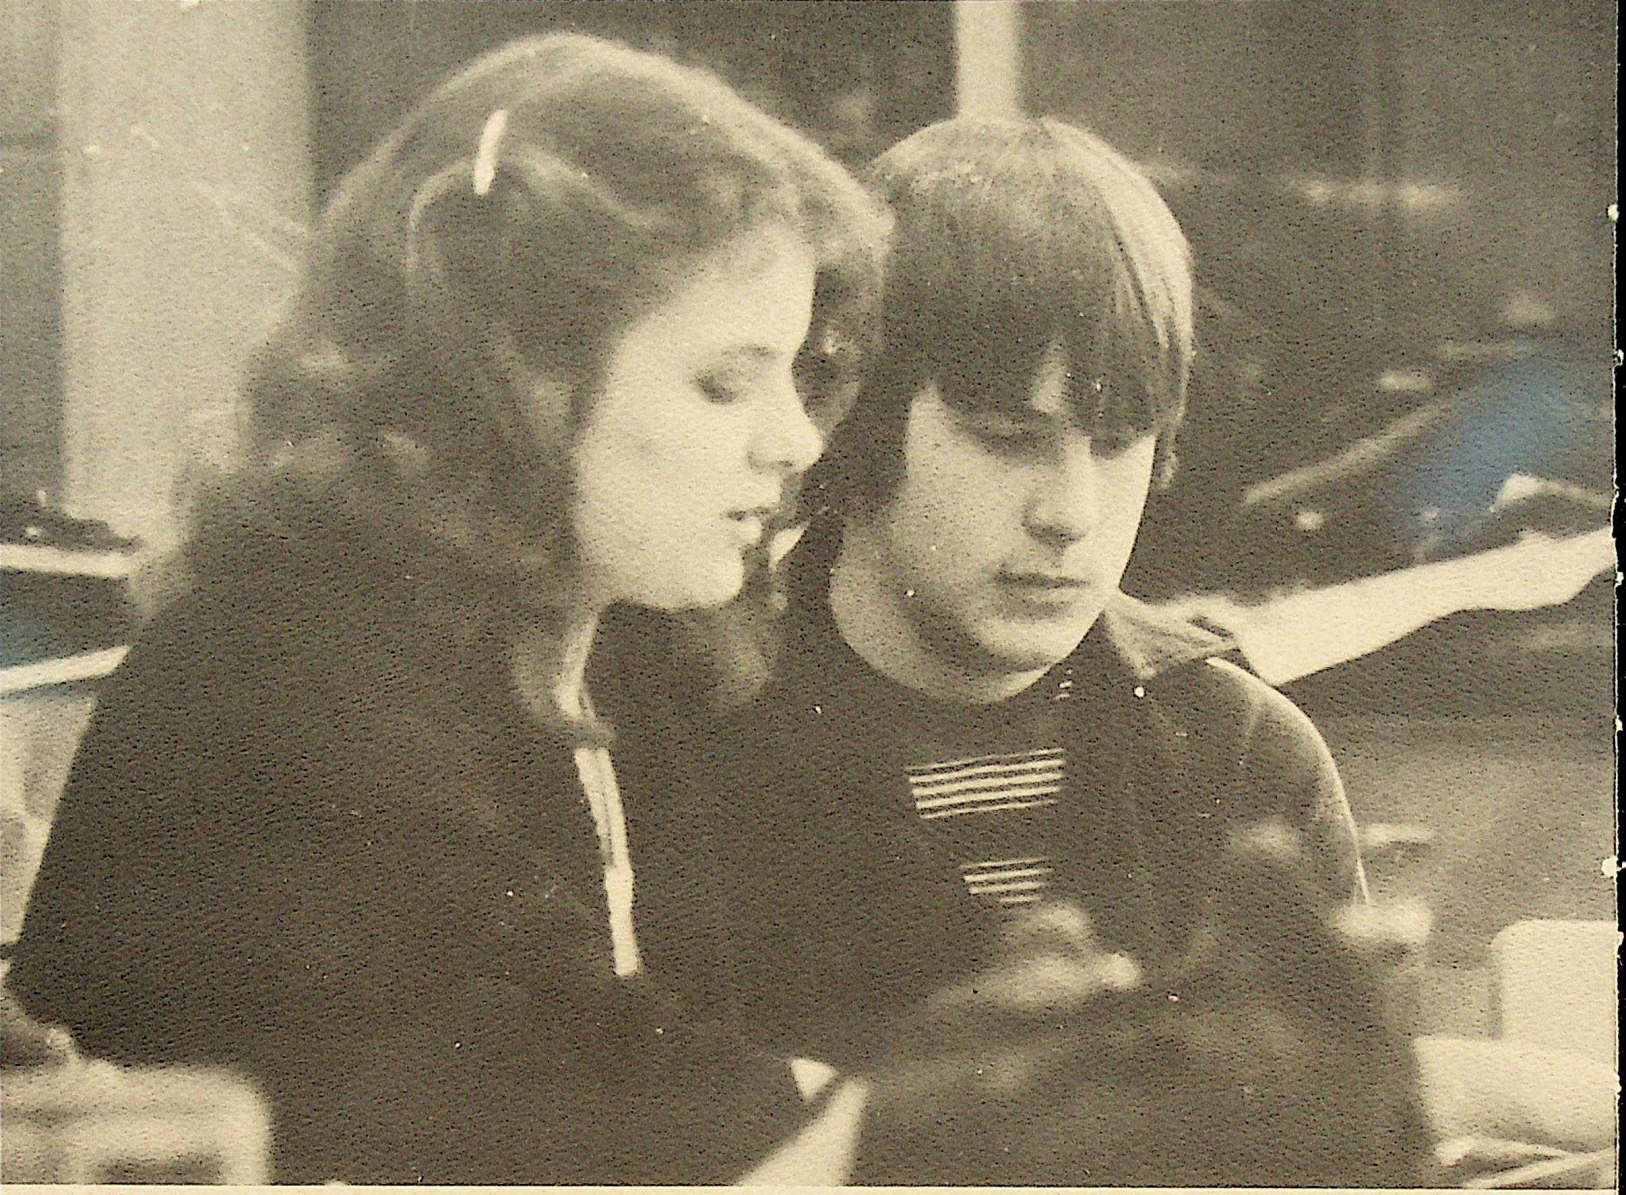
it was the season of Darkness

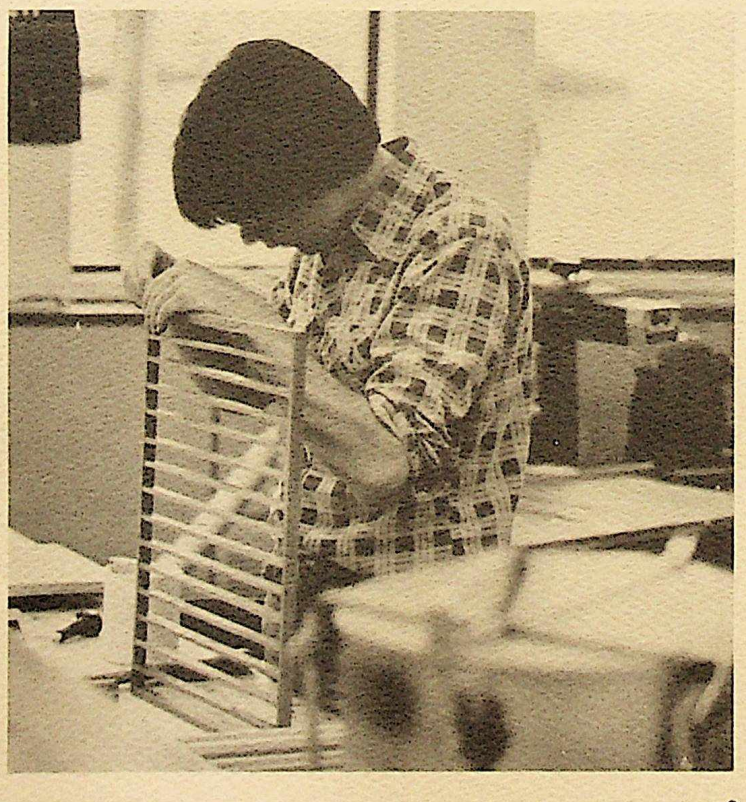
it was the spring of hope,

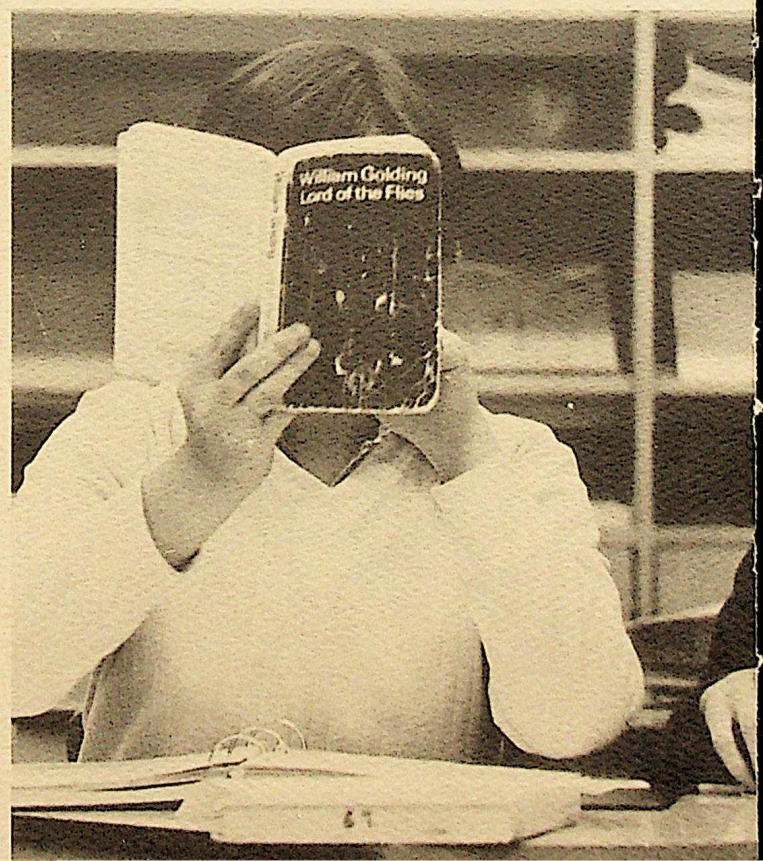
it was the winter of despair,

we had everything before us . . .

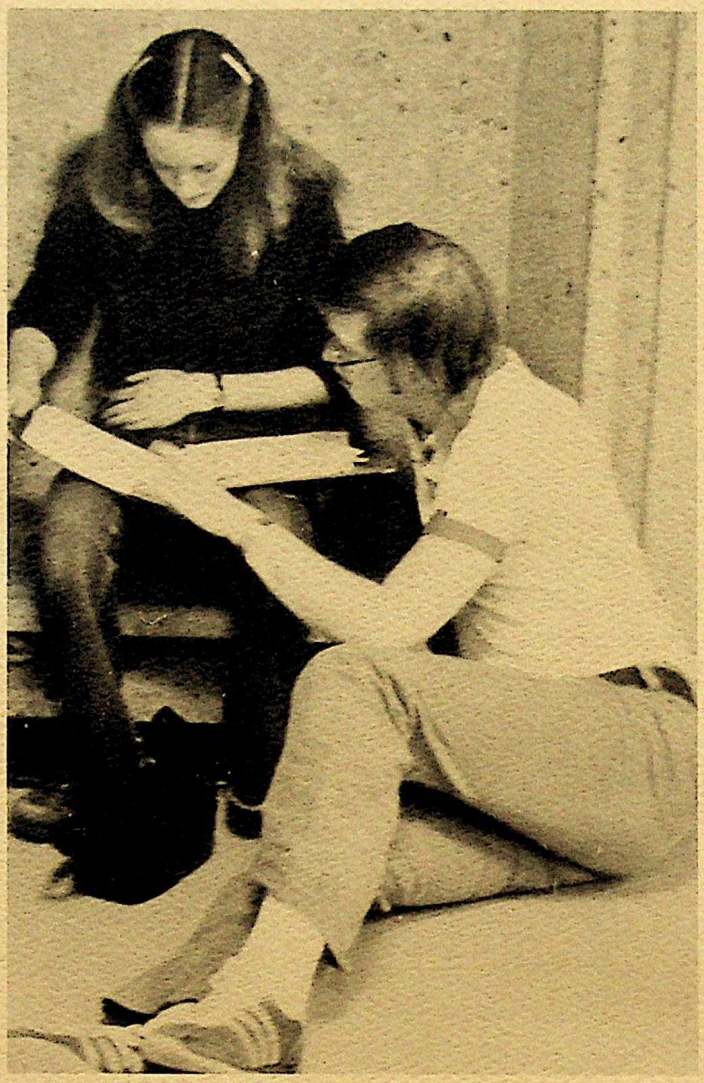
Charles Dickens



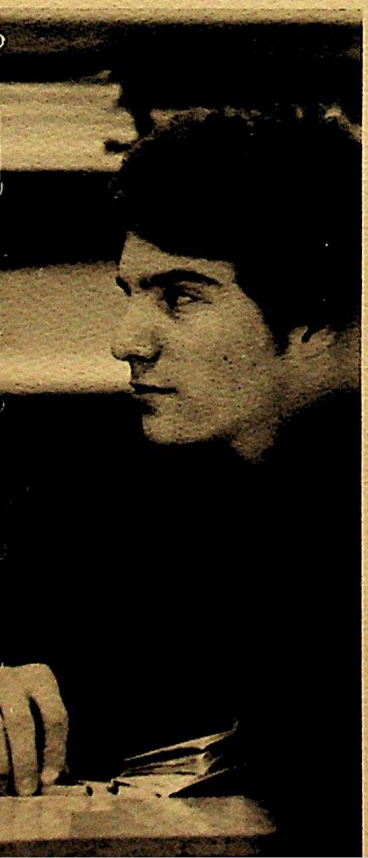


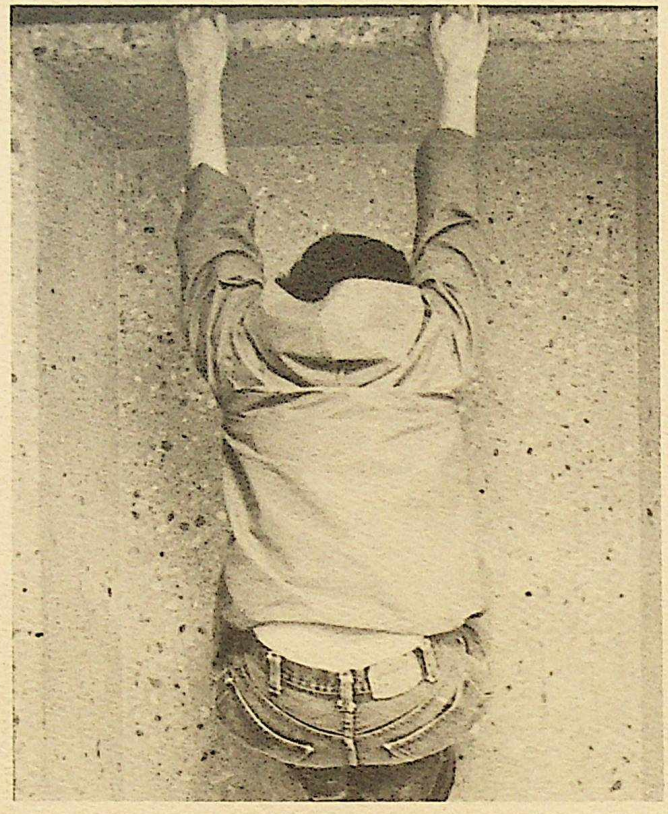


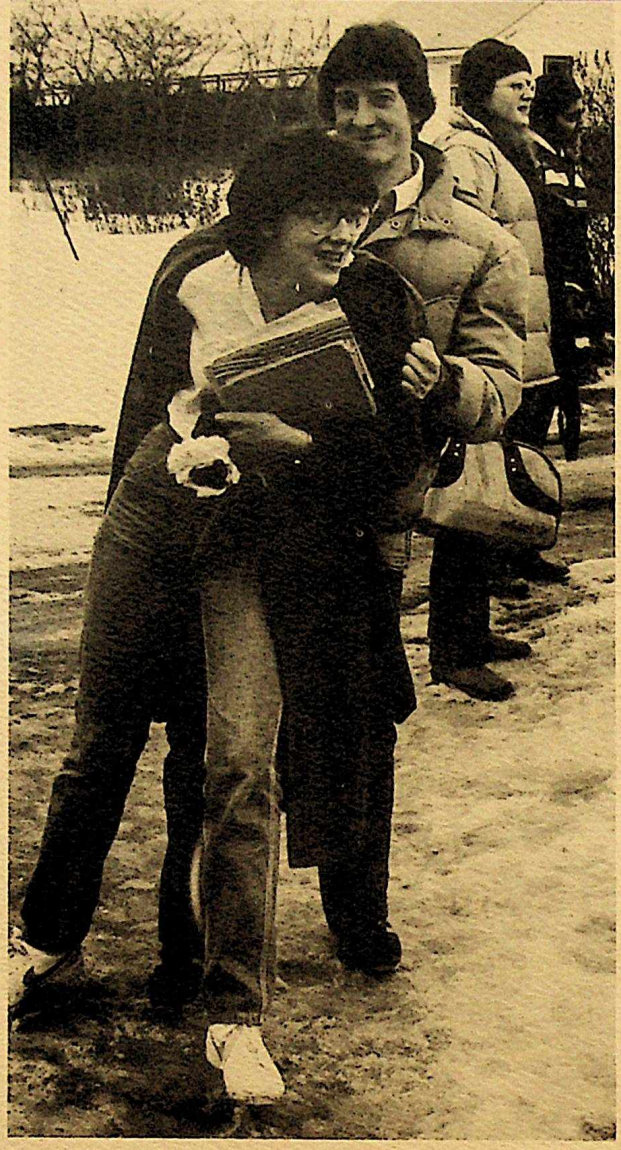
William Golding
Lord of the Flies



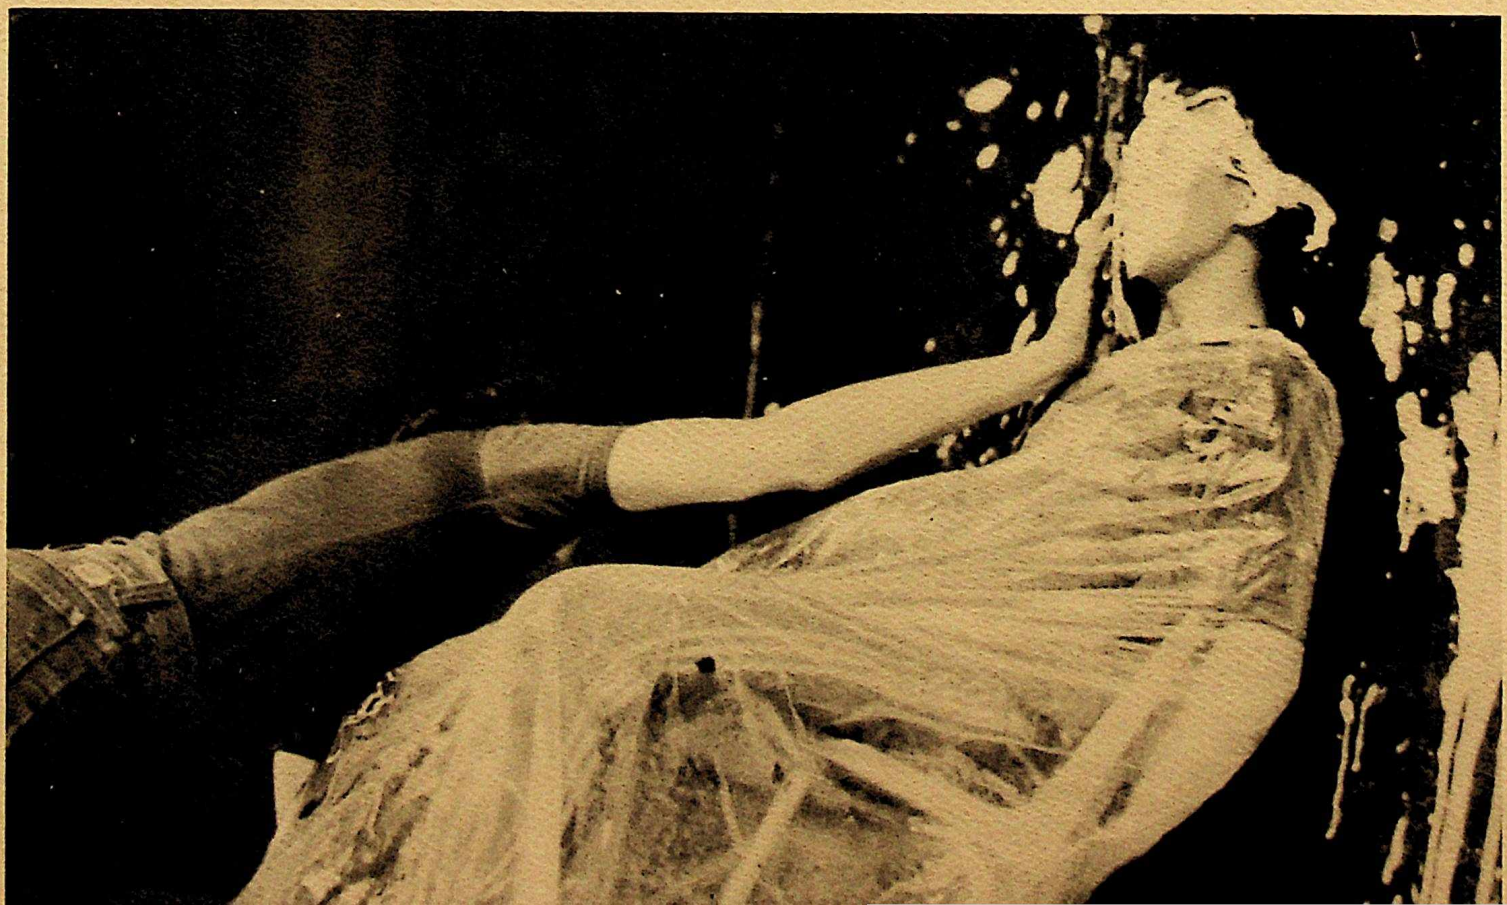
School was essentially a time for learning. It included studying, experimentation, creating and above all communicating with others. But that wasn't all that was involved . . .



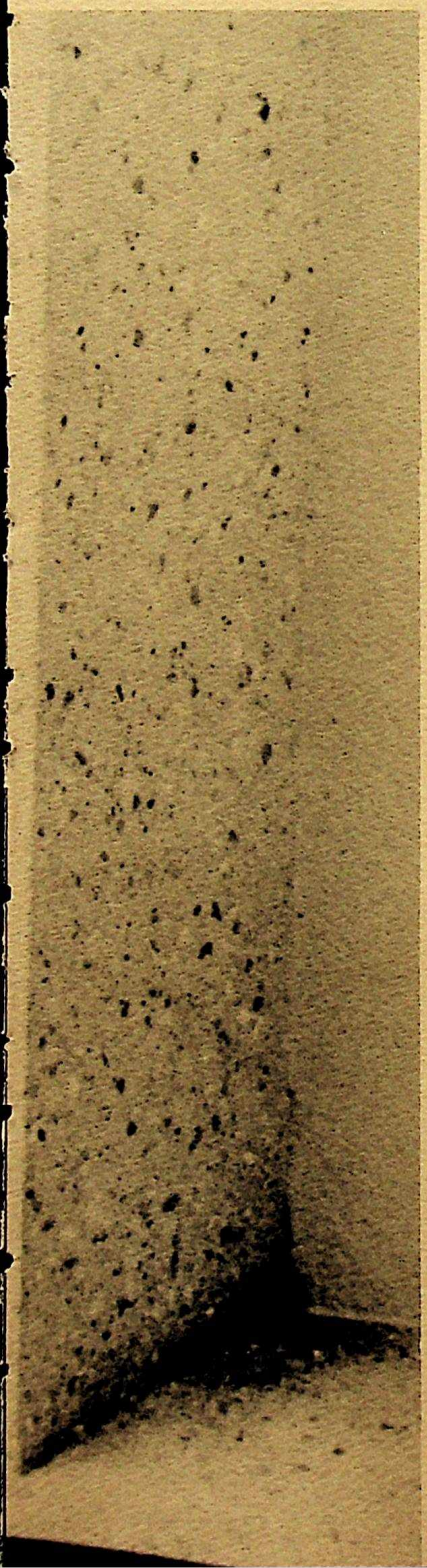


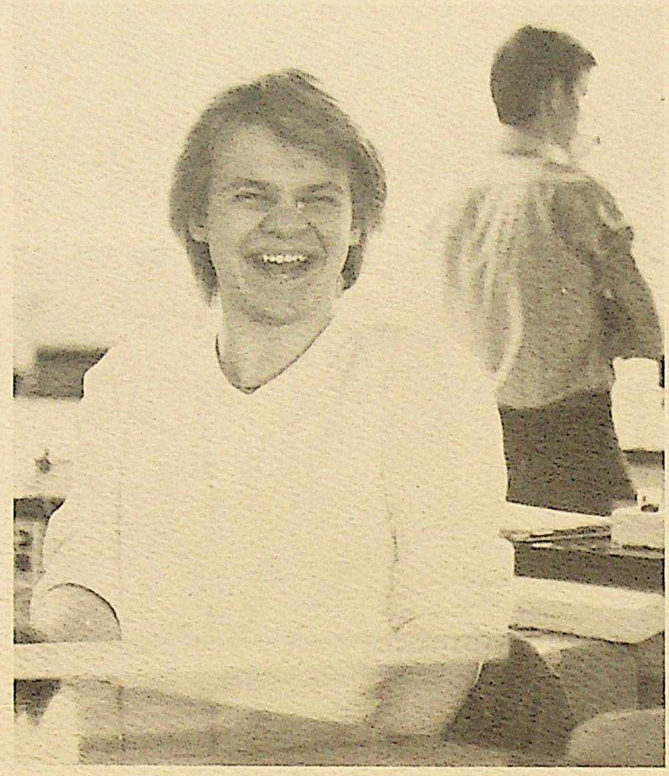


We also had times for fun. Those moments in which the craziness and madness which built up inside of us just had to be released. People began climbing the walls, molesting other students, and some even pretended they were Colonel Custer preparing for an attack . . .

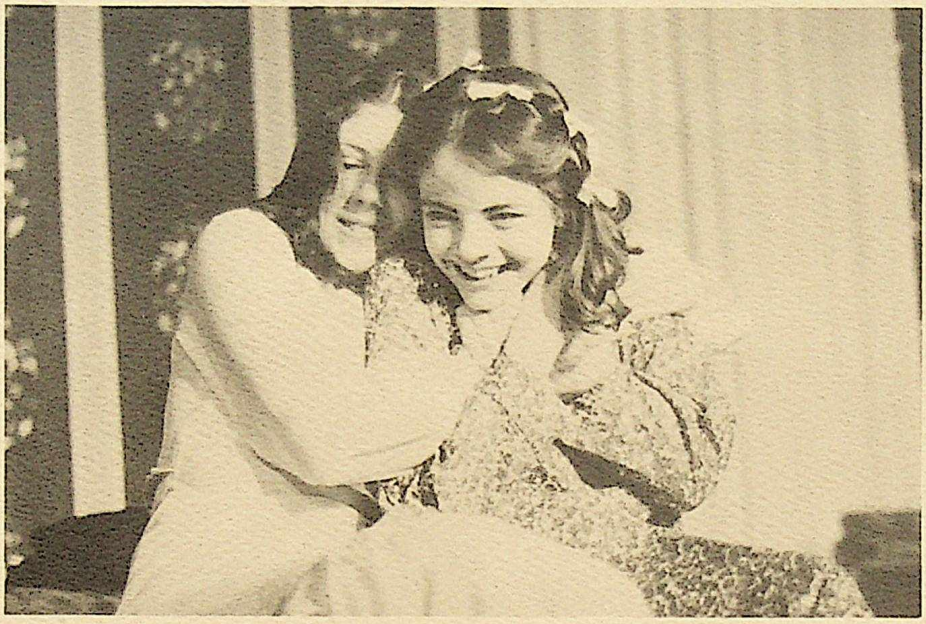


There was a place for the individual to act and dress as he or she pleased, and for everyone just to do their own thing. Times for looking ahead at a new tomorrow, or maybe just time to be alone to sit down peacefully without being disturbed.

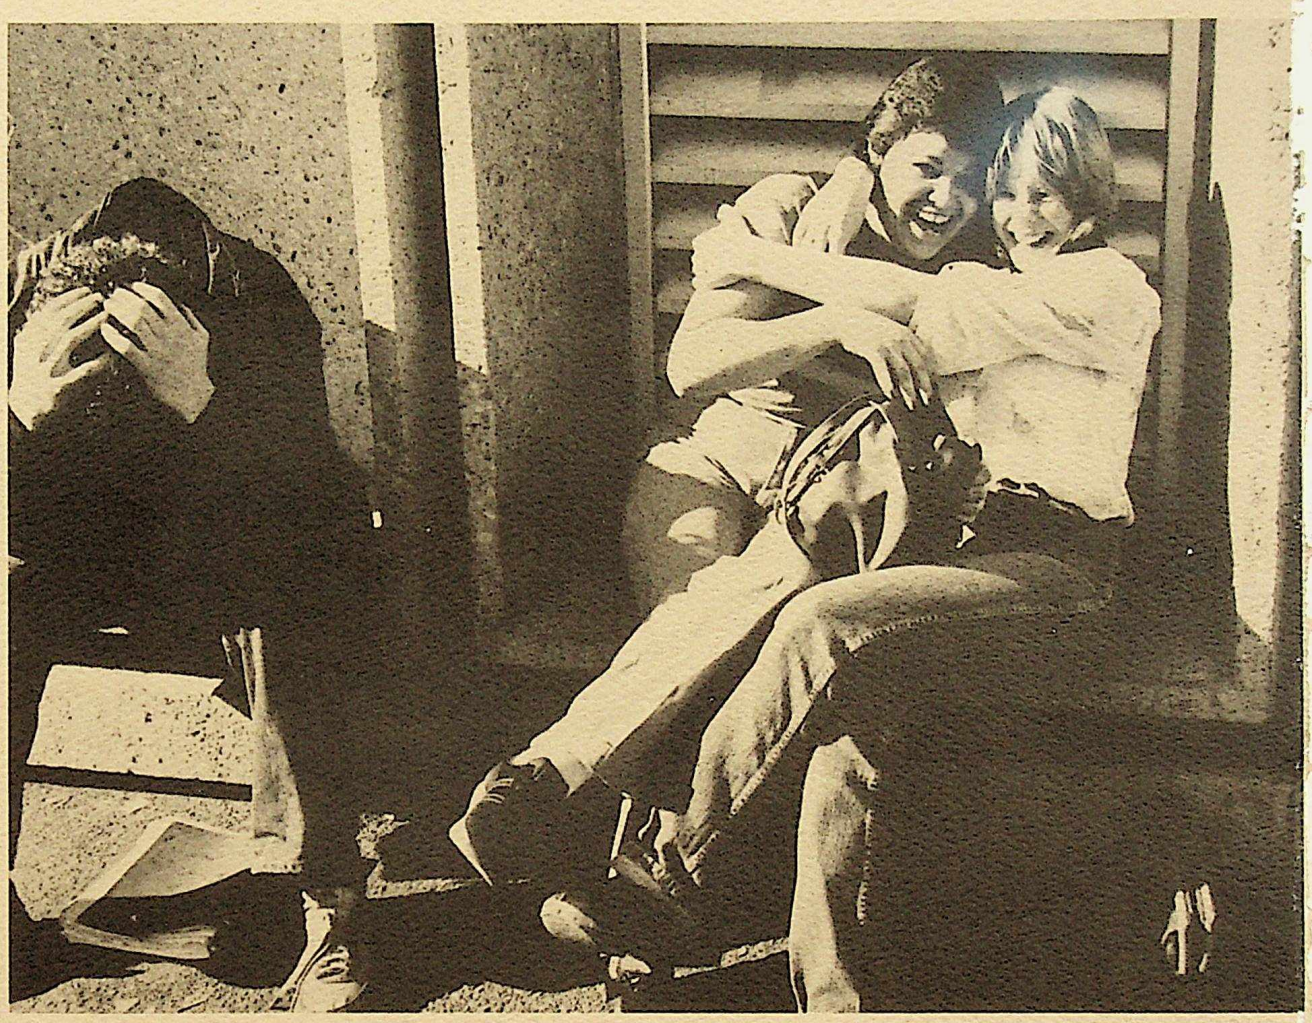




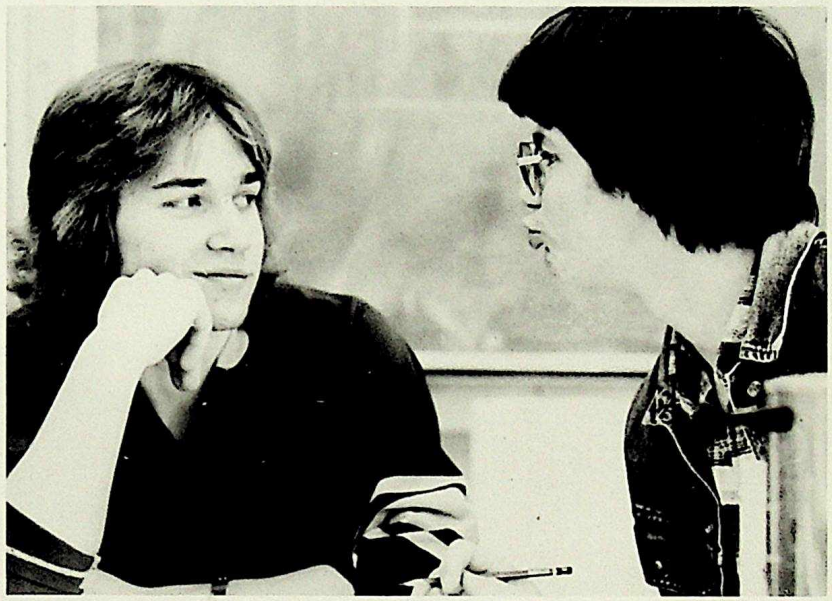
Laughter and smiles were an important part of each day at McNally. Just being able to laugh at yourself, with friends, or at the classroom clown eased the tension of academic life.

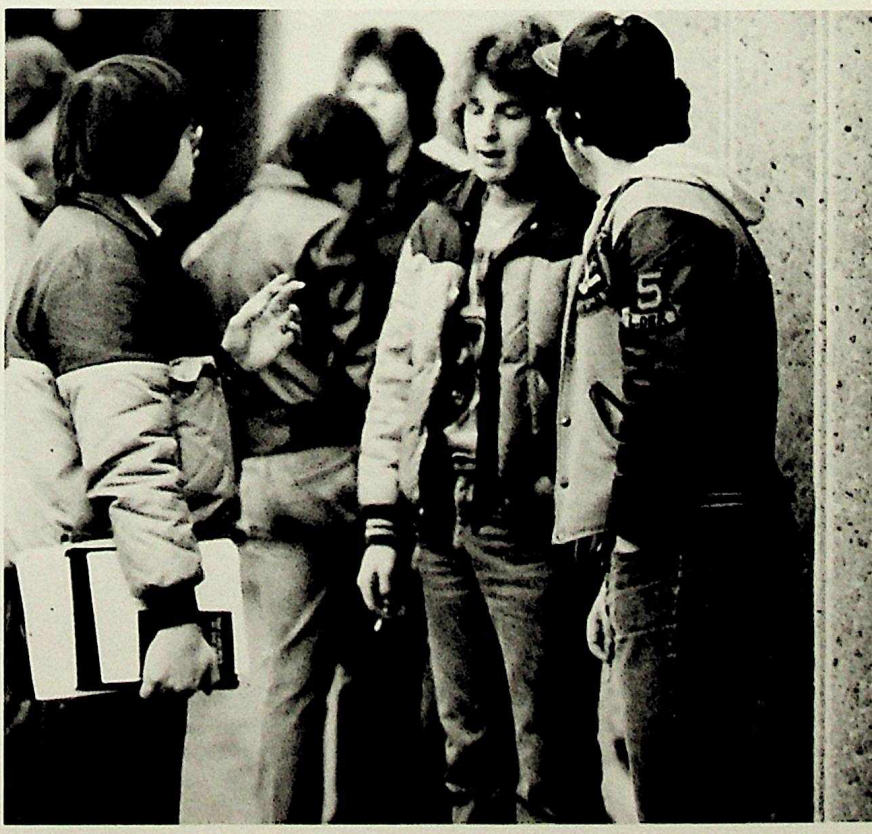


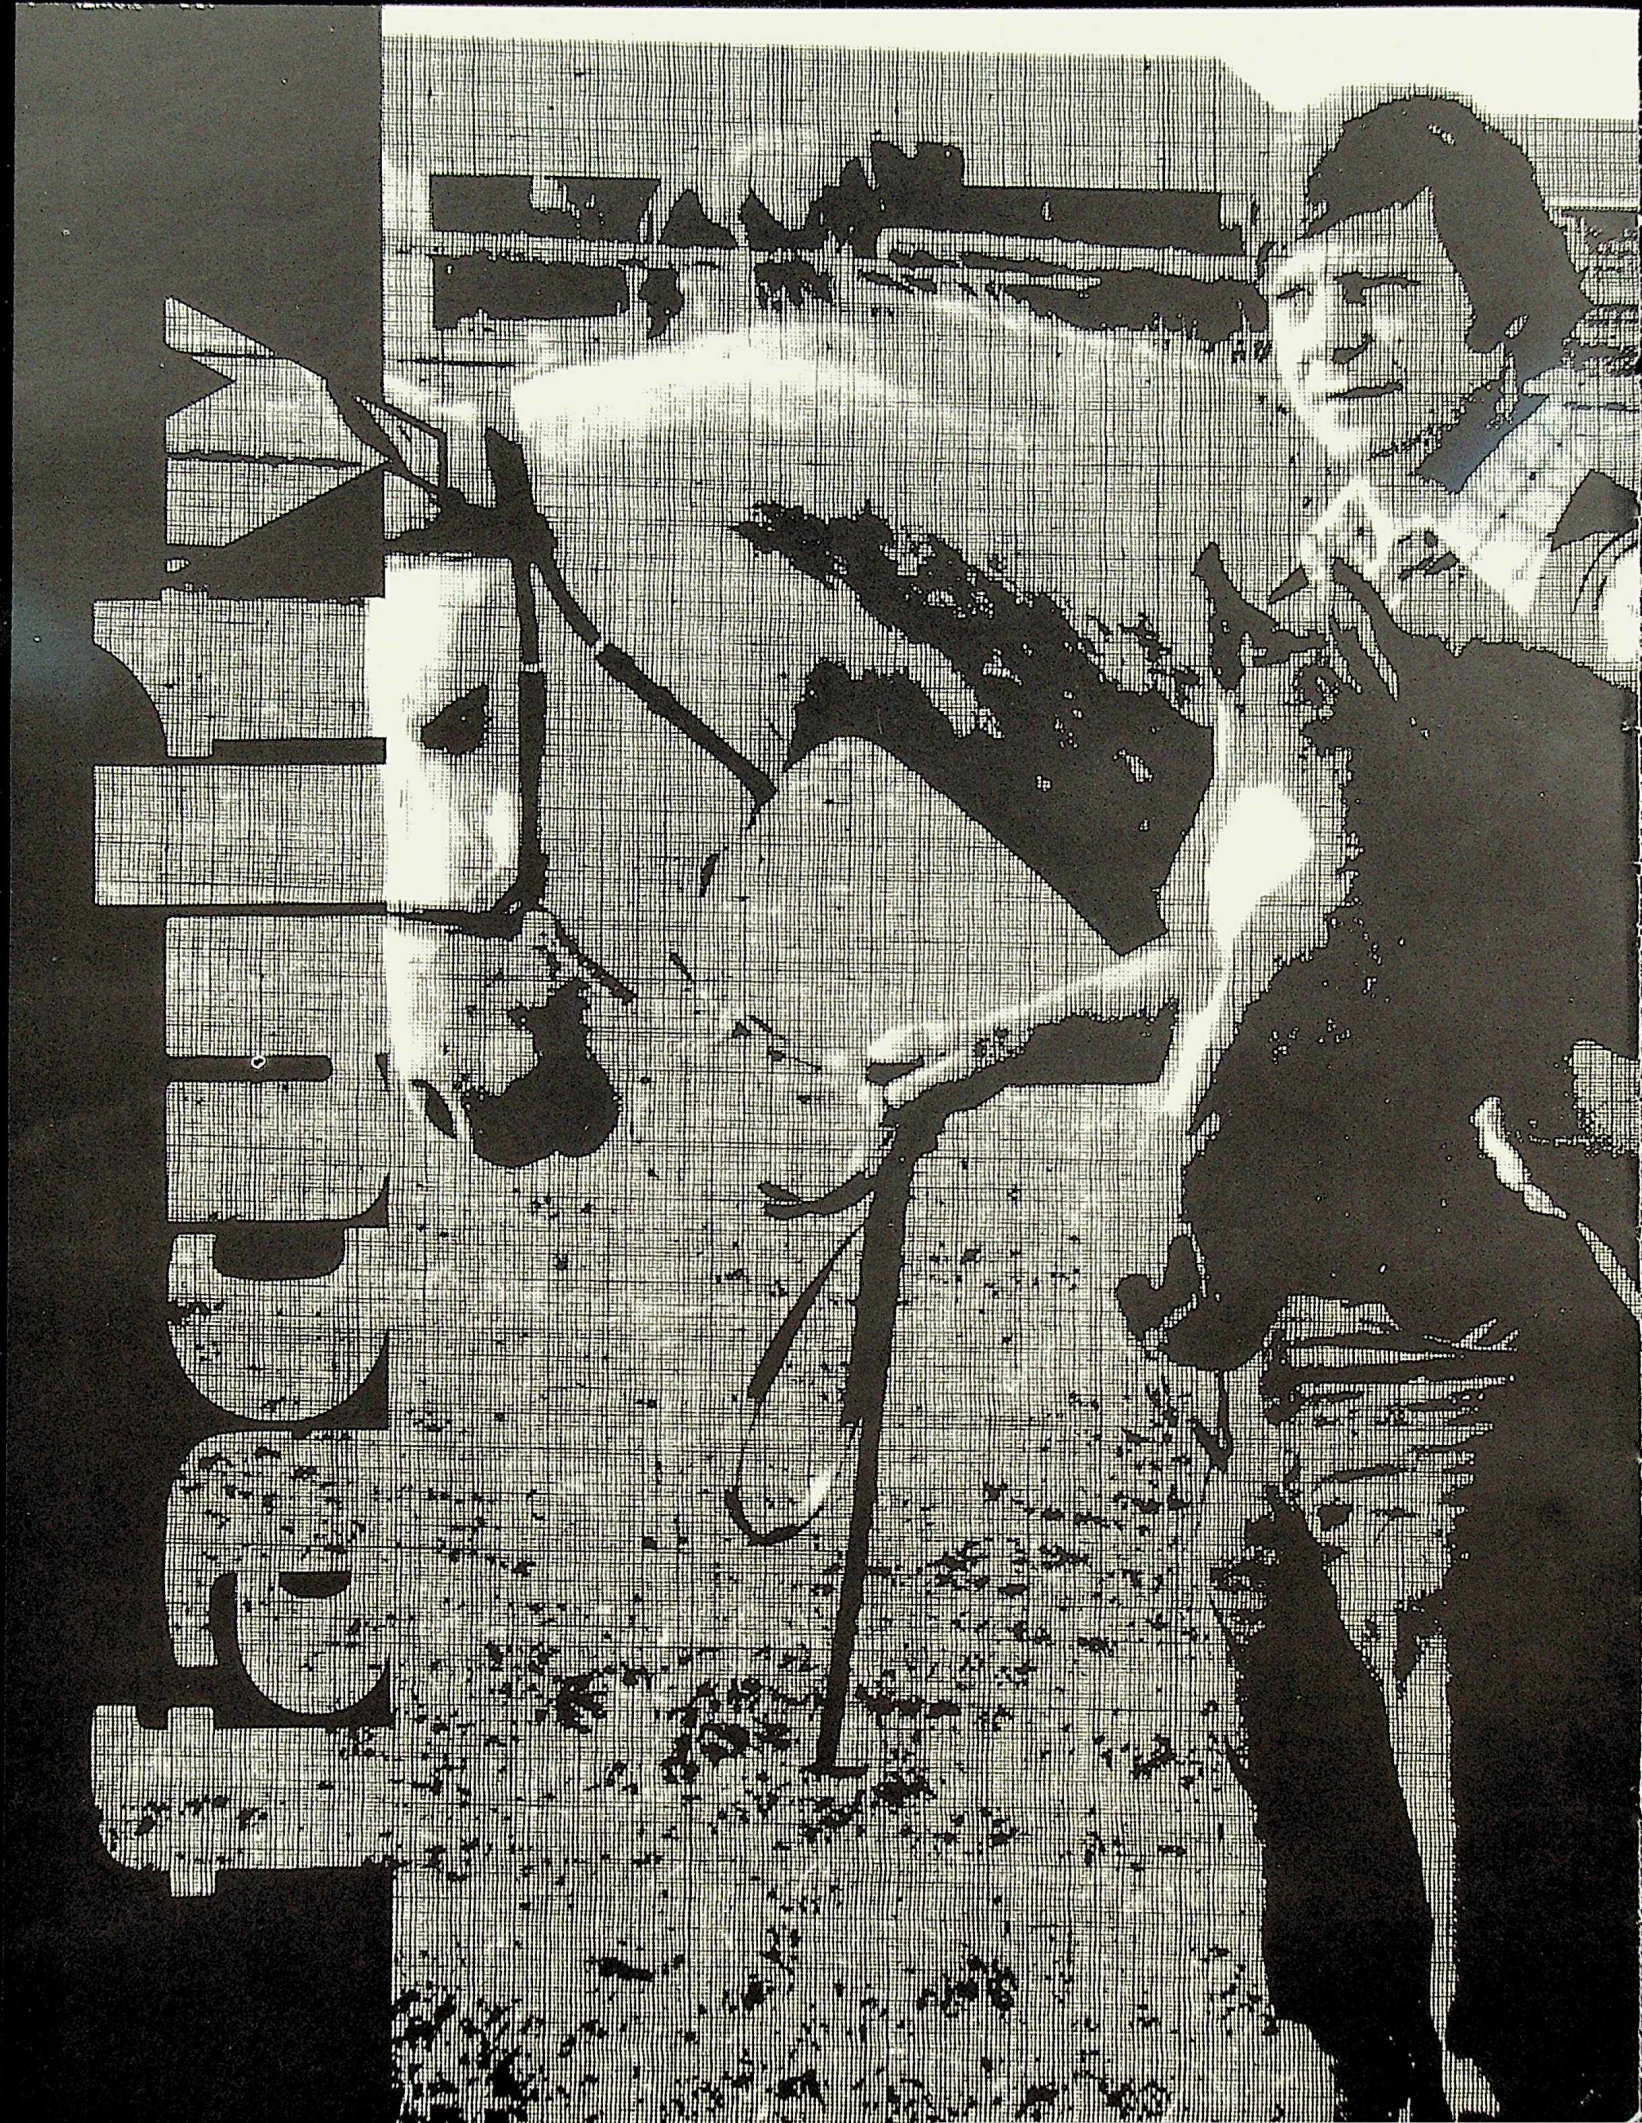
Friendships that were made transformed the average days into THE BEST OF TIMES.

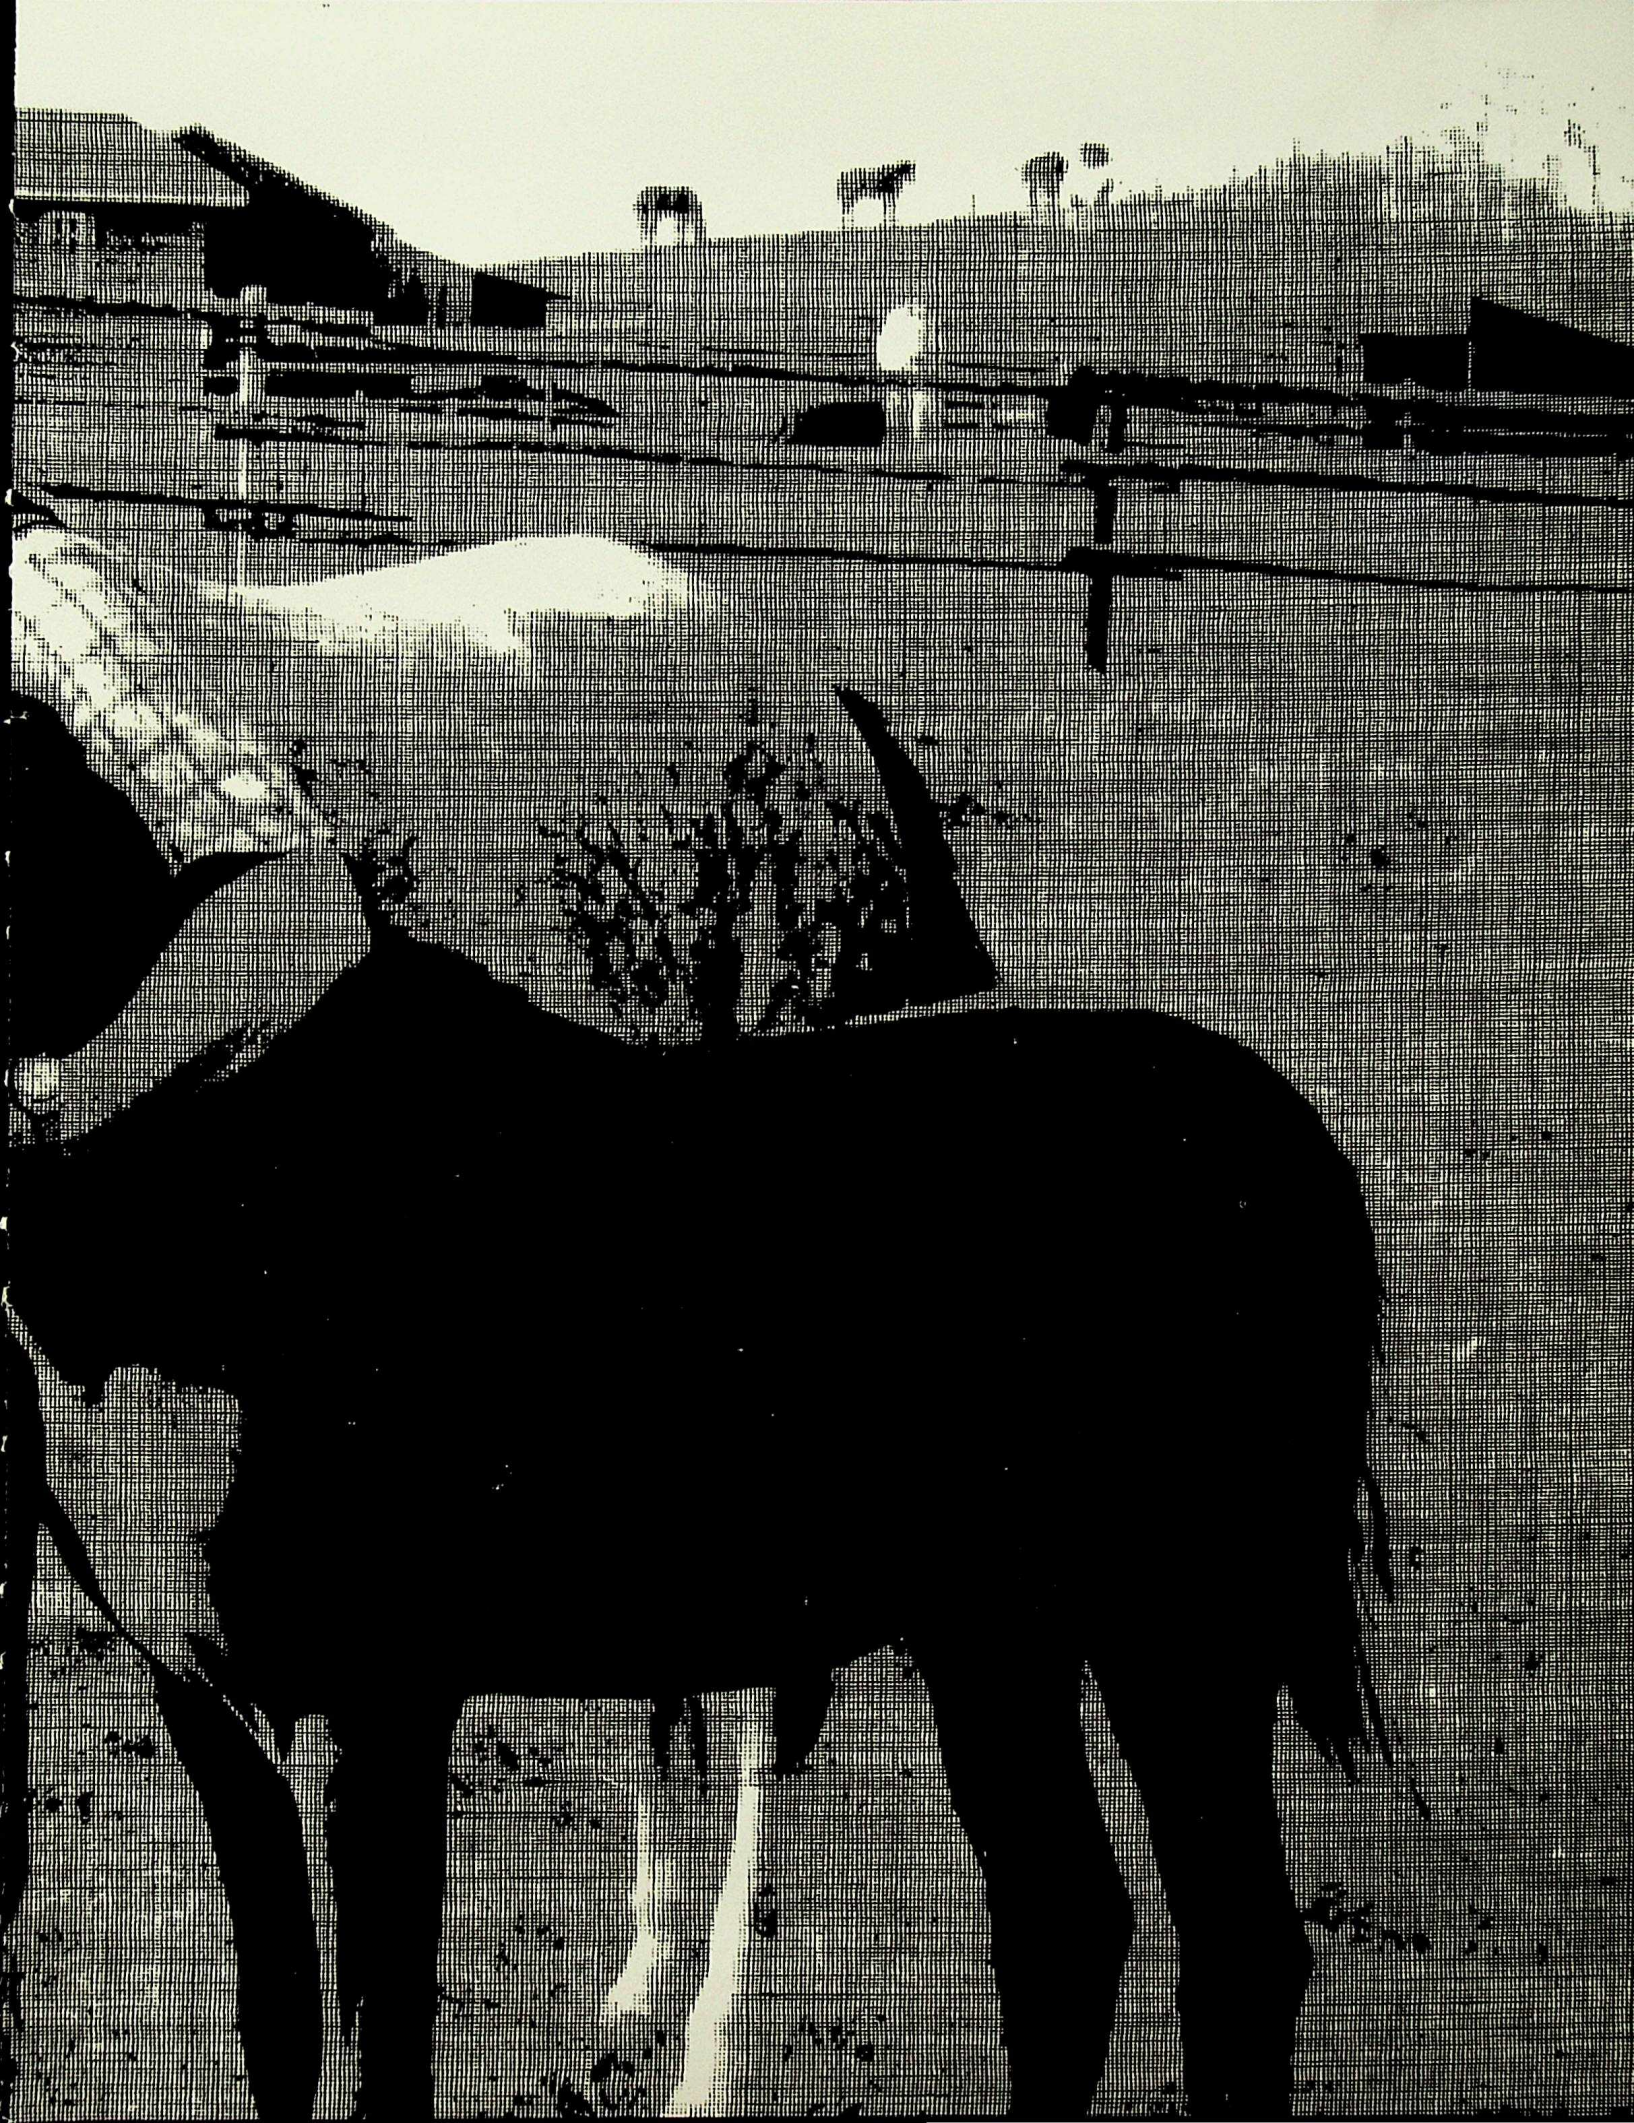


They were formed in the classroom, in the parking lot, along campus trails, or in the thousand different activities we experience. They may last a day, a year, or a lifetime . . .









FACULTY

As the school year 1980-81 draws to a close it is appropriate to reflect on the past and contemplate the future.

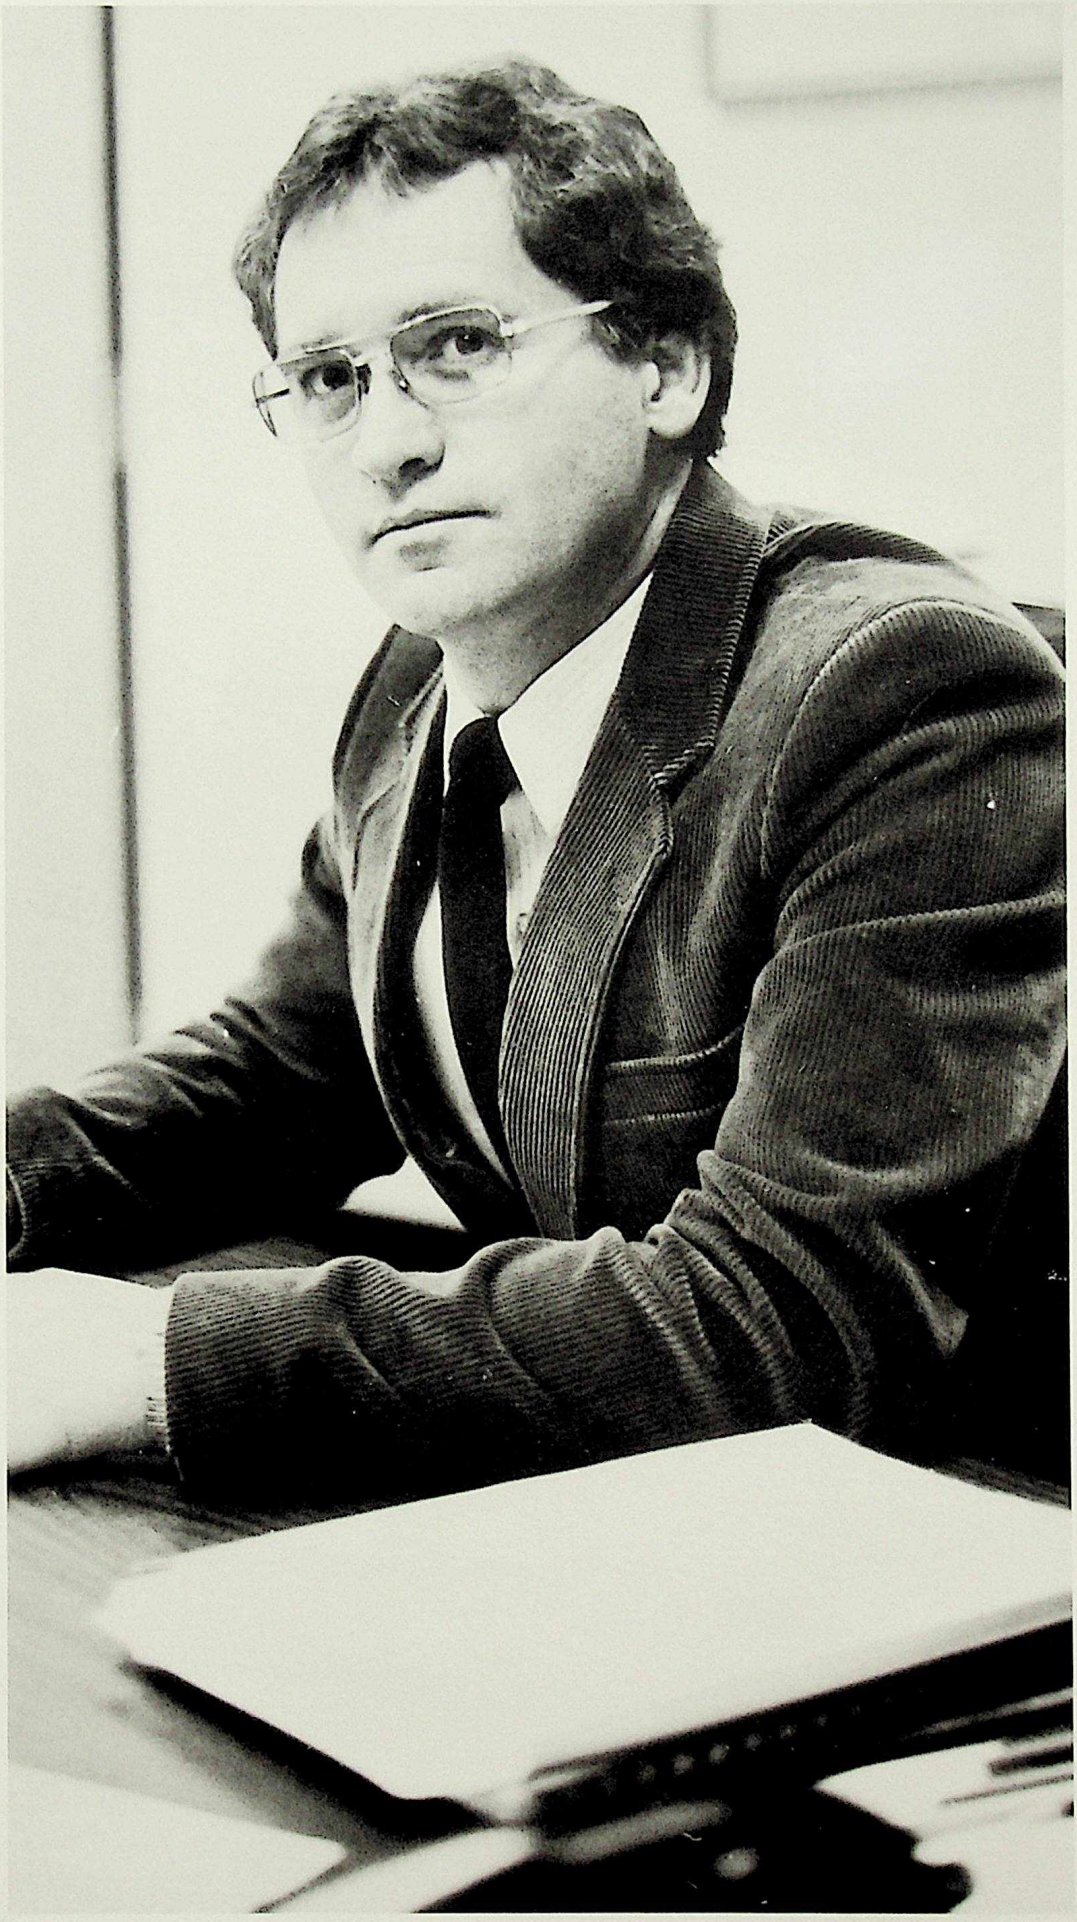
The past will hopefully be remembered for rewarding and pleasurable times; for times that helped you grow socially and intellectually. It is hoped that the courses you have studied, the clubs you belonged to, the teams you participated with, the social events you planned or attended, the teachers and students that you communicated with both formally and informally, . . . that all of these, and more, can be viewed as contributing to your preparedness for the next grade or for the next phase of your life if you are graduating.

For all of us the future is much less clear than the past. It is hoped that McNally has played a large part in preparing all our students to be able to approach the future, aiong with its uncertainties, with feelings of confidence, enthusiasm, and anticipation.

The world in the 1980's promises many problems for the new high school graduate; from uncontrollable inflation to natural resource depletion. However, the future also promises new ideas and technologies developed by our most valuable resource — well-educated people.

It is my sincere hope that with the joint efforts of staff, students and parents, McNally has been able to approach the ideal expressed in the school motto: NIHIL SED OPTIMUM (Nothing But The Best). If we all strive to attain this goal then we can be confident that when our futures become our pasts we will have a host of memories that we can contemplate with feelings of satisfaction and pride.

Mr. Curt Lund,
Principal



Mr. B. Chrusch
Assist. Principal
The year 1980-81 has been one of the most enjoyable for me. My association with all students especially the Senior Class Council, has been most rewarding. I wish all members of Grad 81 the very best in the years to come.

Mr. R. Anderson
Assist. Principal
During my first year at McNally, I have been impressed with the balance of new ideas and older traditions and the enthusiasm and commitment of students and staff. This will ensure that McNally continues its high standards.

In the worst of times it seems like teachers are always being shafted by students and/or administration. In the best of times there are unmistakable advantages to being a teacher: between sponsoring clubs and supervising dances . . . between listening to novel excuses for absences and complaints about homework . . . between selling McNally to every Junior High student this side of Red Deer and wading through months of budgetting and writing behavioral objectives . . . between putting on a show for open house and filling out forms for University surveys . . . between writing your own textbooks and taking your classes on "educational" field trips . . . between staying late to get the newspaper ready for presses and hosting exchange students from other provinces . . . Between all of this, they get to do a few things they were hired to do . . . like teaching.

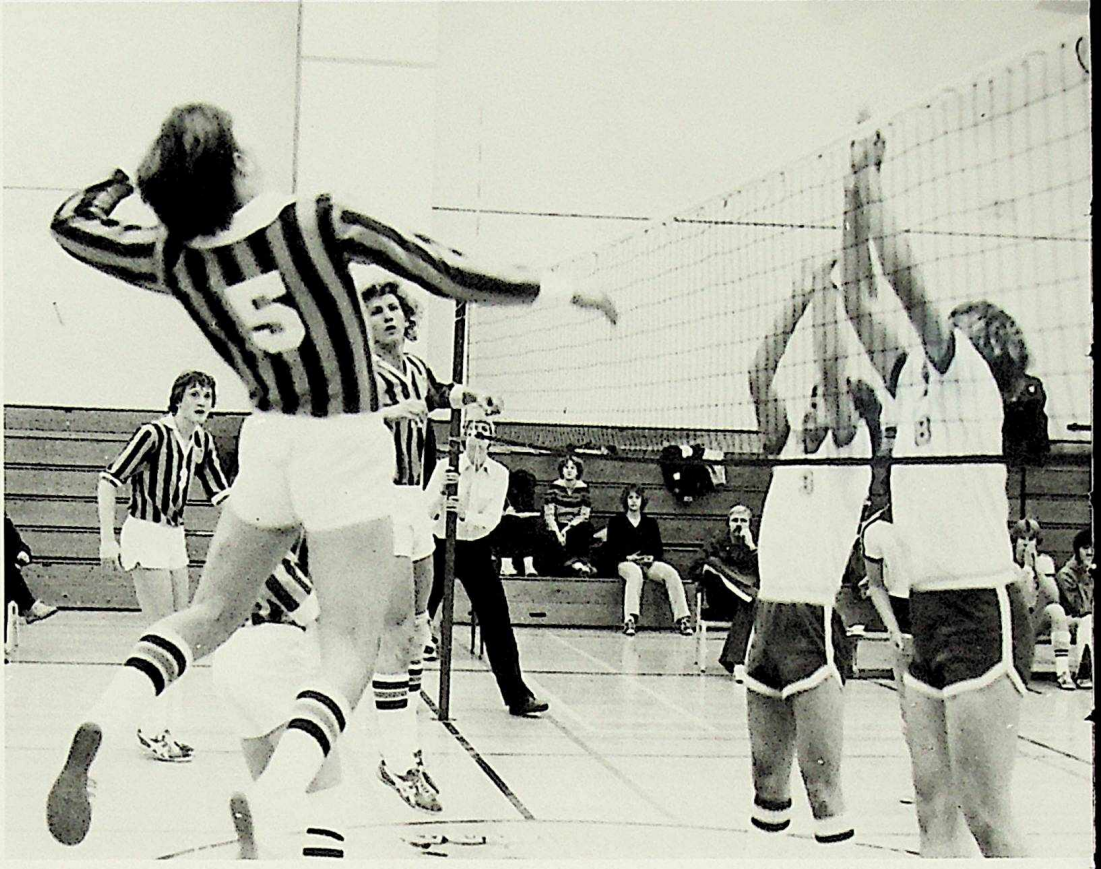
QUEBEC

This year the Senior Girls were involved in an exchange with a volleyball team from Quebec. The Quebec girls were here at the end of October and the McNally girls were in Quebec in the middle of March. While in Quebec the girls played in a tournament and did fairly well. The team saw Montreal, Quebec City, Sorel and many other places. They also participated in a maple sugar festival and experienced other aspects of the French culture. Friendships were made while the Quebec girls were here and were strengthened so much during the time in Quebec that no one wanted to leave.

JR. BOYS' VOLLEYBALL

Team picture unavailable, Members: Scott Harrison, Bruce McArthur, Mike Baker, Chris Shelton, Mike Martinson, Kevin Schimpf, Randy Lund, Darren Low, Owen Howard, Brent Hayday, Myles Koshman (Coach), Chris Bracuk (Mgr.).

The Junior Boys' Volleyball team enjoyed a fine season. They finished first in the city league play. Unfortunately, they lost to Harry Ainley in the City Finals. Many thanks to Coach Koshman for a fine season.



SR. BOYS' VOLLEYBALL

1980 was a successful season for the Boys' Senior Volleyball Team. The team finished second in league play behind Harry Ainley. We lost 3 games to 2 to M. E. Lazerte in the city semi-finals. The team also participated in the U of A Tournament and the University of Saskatchewan Tournament in Saskatoon.

L. to R., Back row: Doug Poole, Craig Staring, John Bieson, John Traish, Todd Hoskins, John Sherrett, Keenan Hohol. Middle: Blair Ceblak, Ken Cummings, Mark Cherewick, Doug Barth, D. Johnston (Coach). Front: Greg Chambers (Mgr.).

This was "building year". Although we didn't win too many games (two to be exact) our team spirit remained high and we should have most of the team returning next year.

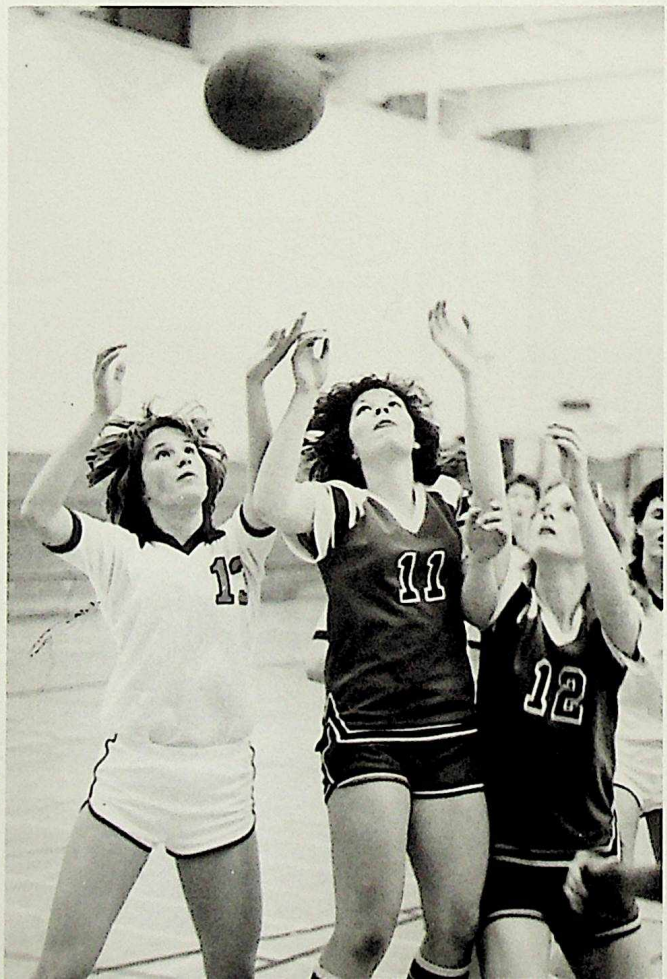
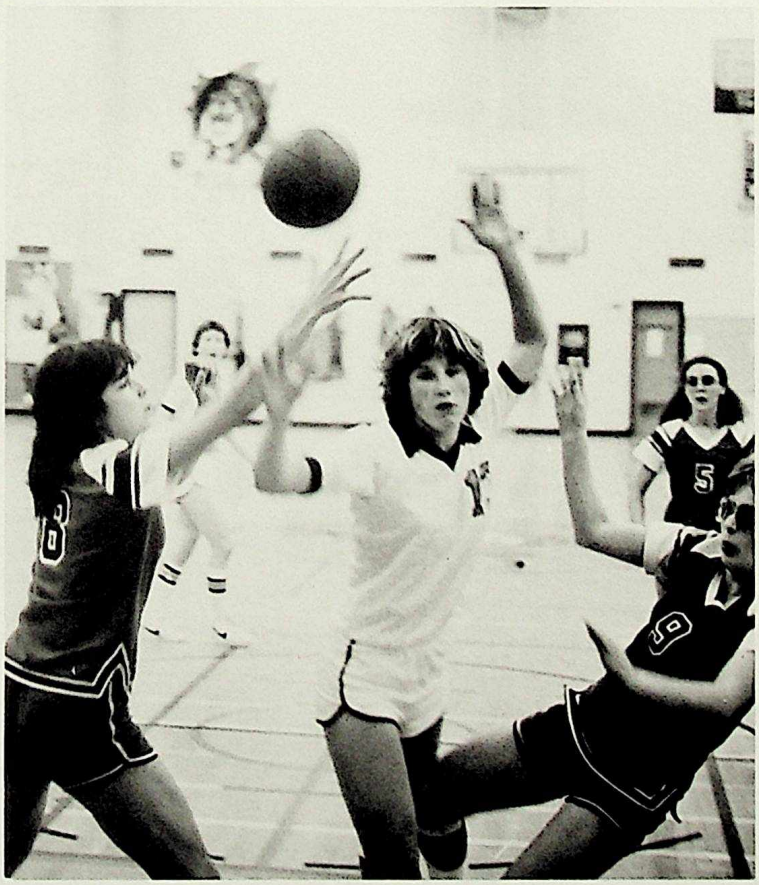
SR. GIRLS' BASKET-BALL

The Girls' Senior Basketball team had a successful season finishing 5th in the premier division. The absence of many members of the team due to an exchange student program in Quebec, however, left them unable to compete in the play-offs.





JR. BOYS' BASKET-BALL

SR. BOYS' BASKET-BALL

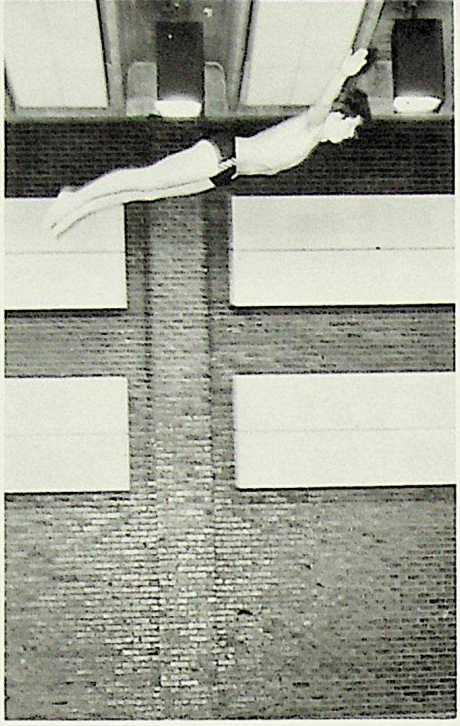
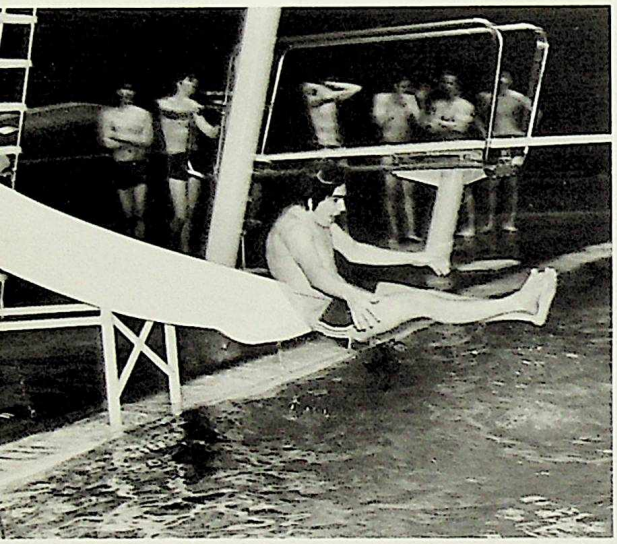
The Girls' teams came up big winners; the Sr. Girls placed 1st in the B division while the Jr. Girls were awarded the C division championship.

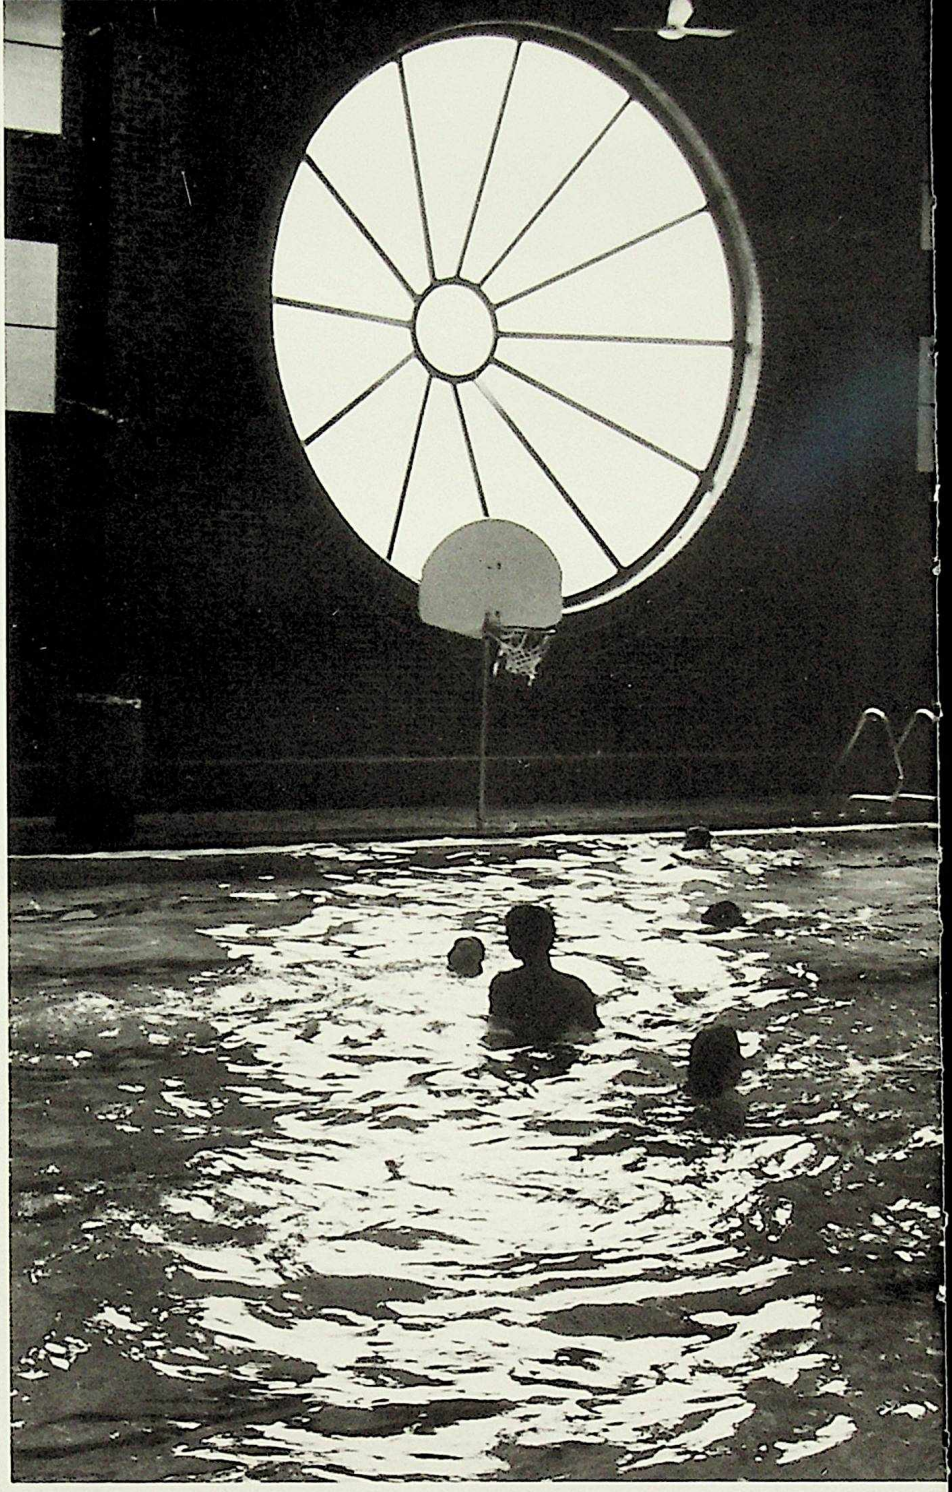
CURLING

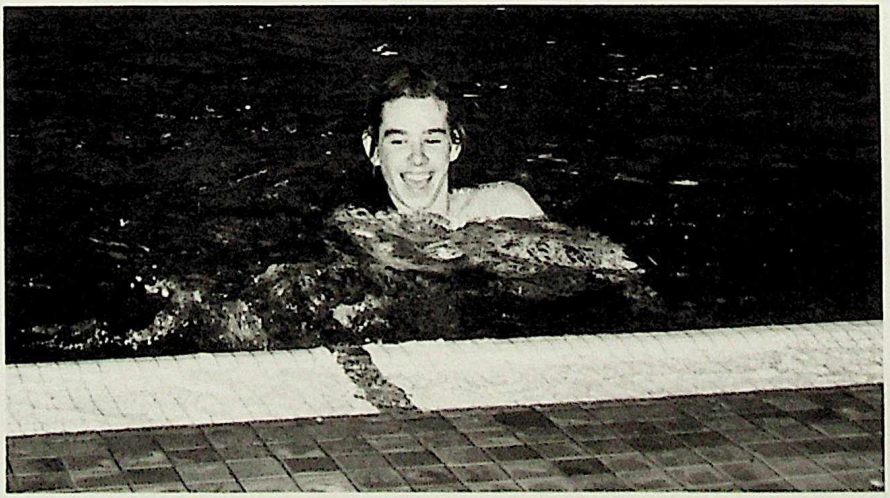
Junior Boys
Jim Normey, Dale Dahl, Cam Jenkins, Sean Bluett (missing).

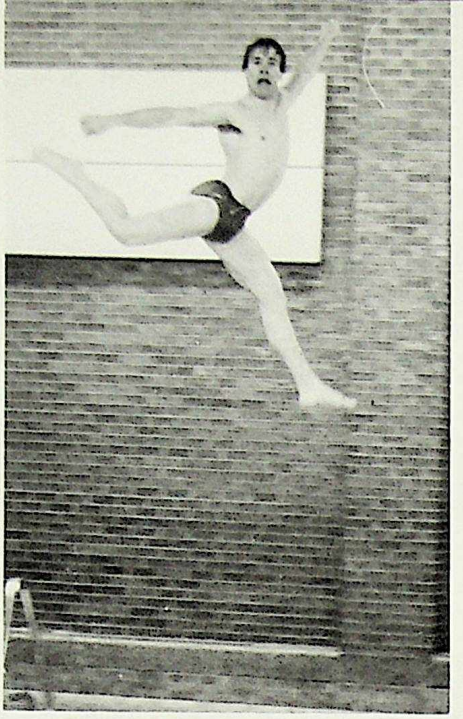
In the city championships the mixed team was eliminated despite a desperate effort in their second game. The Sr. Boys won one game but were unable to gain a birth in the Provincials. The Sr. Girls won a birth in the Provincials and placed 4th in the B event. Special thanks to Mr. McKinnon (Sponsor) for his support and encouragement.







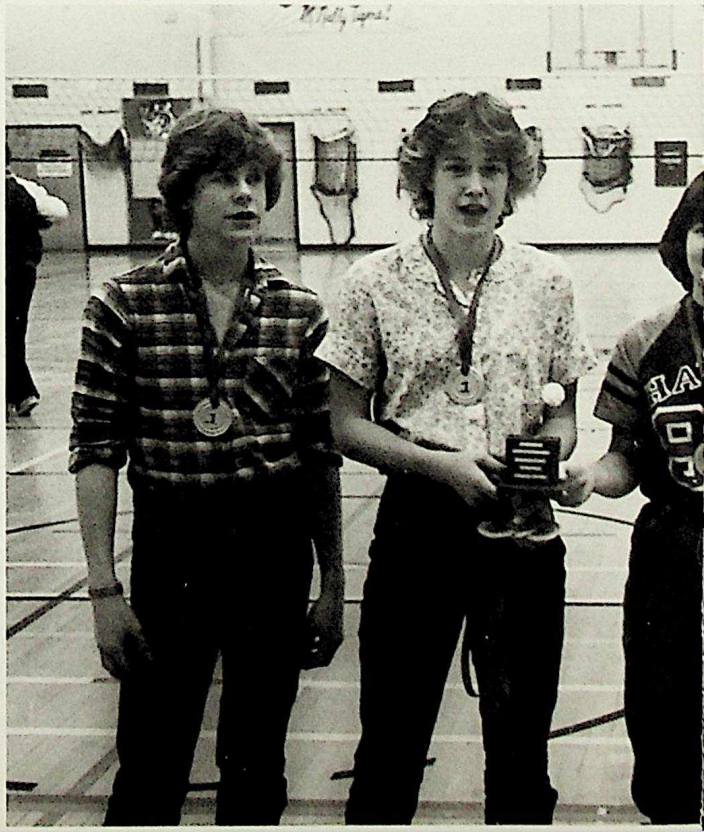




SPLASH!

Mr. M. Ballash, Roy Treptau, Kelly Anne Karter, Mike Dzenick, Lorianne Slipchuck, Trevor Smith. Missing Regan Haydu.

This year, McNally fielded their first 'official' cross-country team which participated in a number of races during the fall. Many of the high school events were held at Hawrelak Park. One of the most successful events was our own McNally 'Turkey Trot' held in early October. This event attracted over 250 junior and senior high runners. Kelly Anne Carter carried McNally colors to the provincial championships at Sundry, Alberta on October 25th. She came away with a 5th place finish in the senior girls competition. Although the team had only 6 members this year, Mr. Ballash, is looking forward to doubling or tripling that number next season. Edmonton has been selected as the site for next year's provincial finals and McNally has a good chance of hosting the event.



OTHER SPORTS

One way to liven up a lunch hour was to participate in the intermurals. Volleyball was a huge success because of the large number of people participating. Not only was it a chance to compete and have fun, but also a great way to meet students of both sexes and all grades. For people would rather not stretch those muscles, there were various other games to watch during the lunch hour.

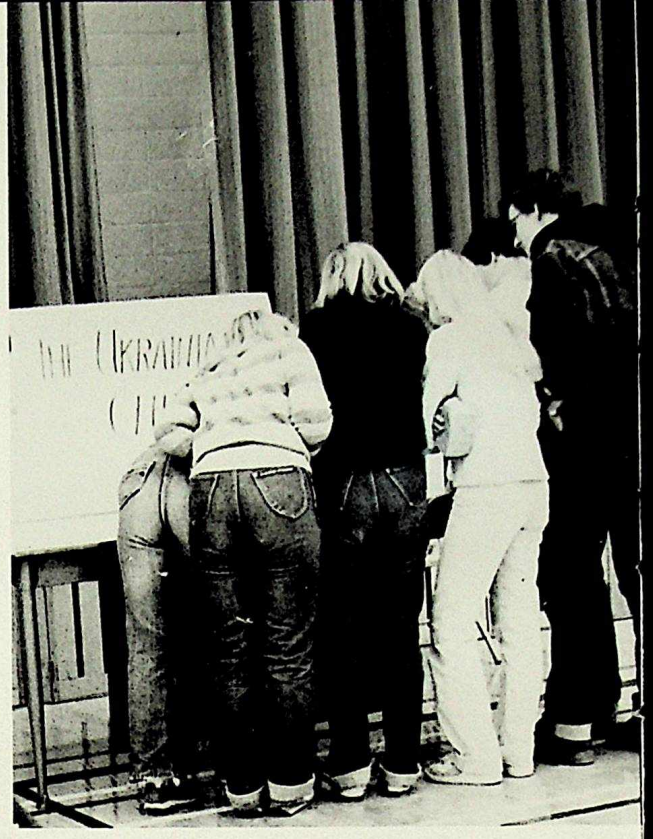
REGISTRATION

The first day always brings on many emotions . . . Laughing and talking with past classmates and friends, and possibly finding out that you have a certain teacher that you were dreading getting for the third time. For those who have never attended McNally, one word sums it all up — CONFUSION! But, it can also be an opportunity to see some new faces and find out what McNally is really all about.



CLUBS DAY

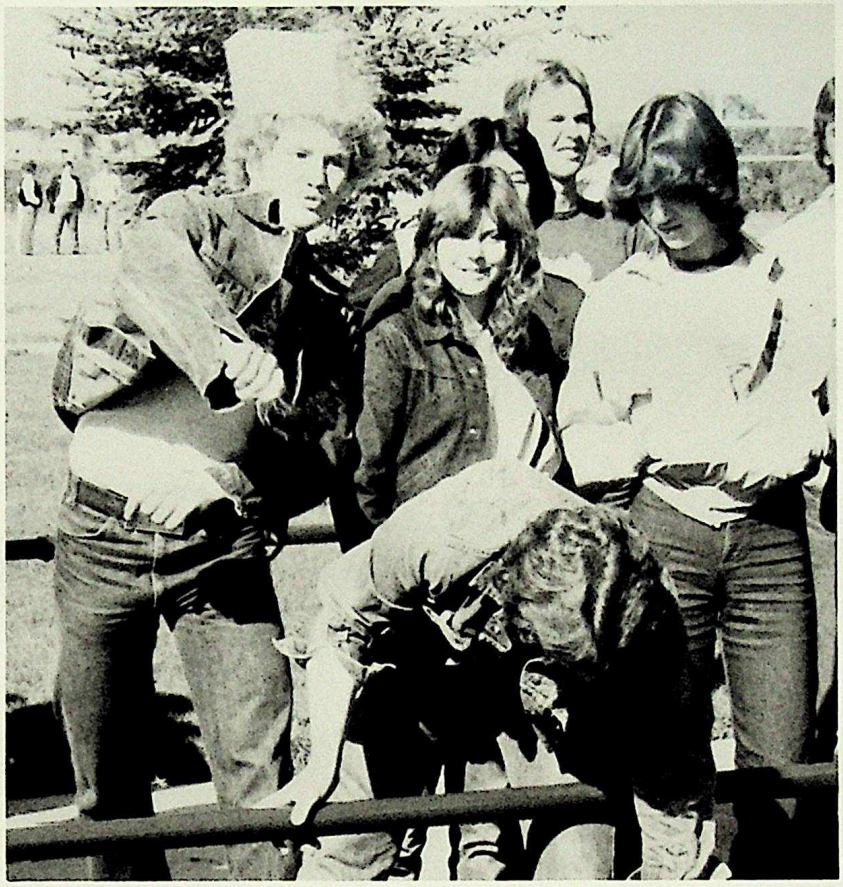
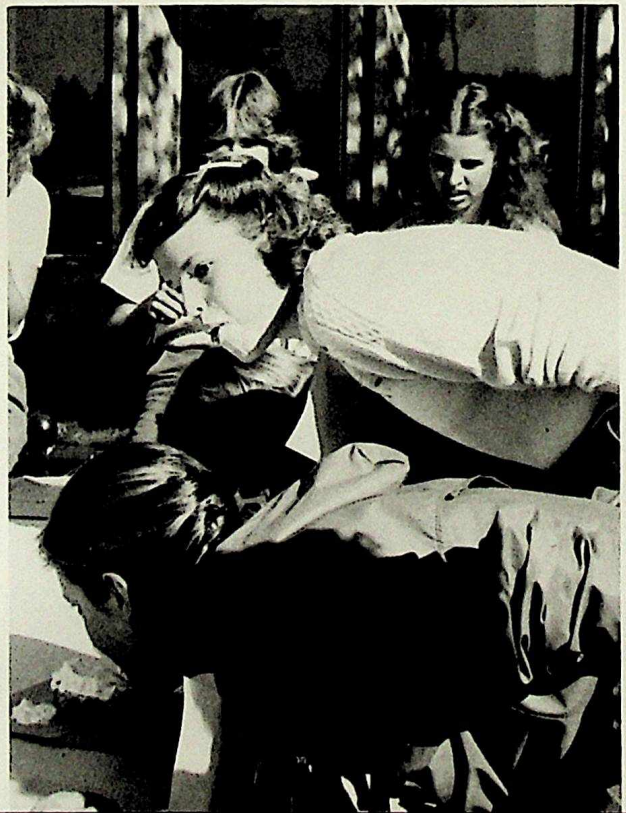
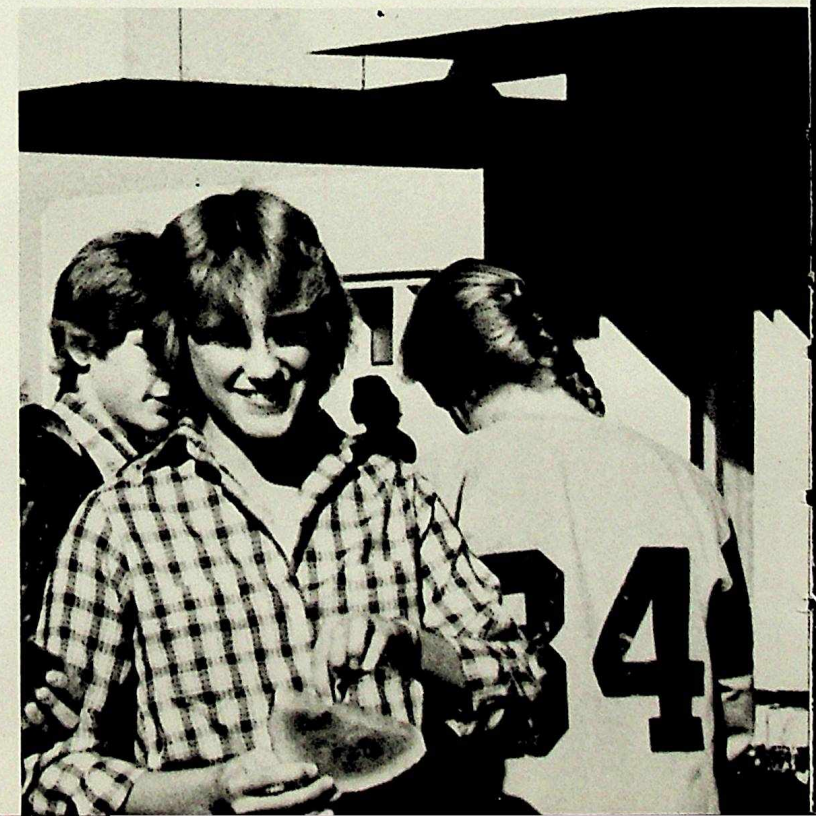
A wide variety of clubs were offered at McNally this year for students interested in enchancing their noon hours. As in previous years McNally held a Clubs Day featuring displays, slides and film strips. Club members were present to brief students about the types of activities their clubs involved.

FROSH







The sound of aerosol cans, screams of students, and the smell of shaving cream, are common occurrences during Frosh Week at McNally. Frosh day gave those frustrated frosh victims a chance to release some of their aggression through watermelon seed spitting, donut eating, and plastering their favorite teacher with a wet sponge.

PIE THROW

After months of taking it from teachers, McNally students received an opportunity to give some of it back in the pie throw organized by the Phys. Ed. 30 girls.

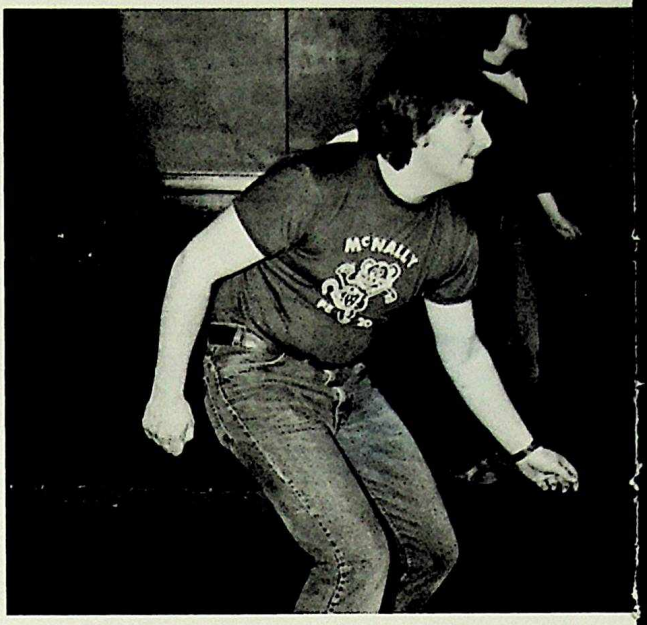
STUDENT'S UNION

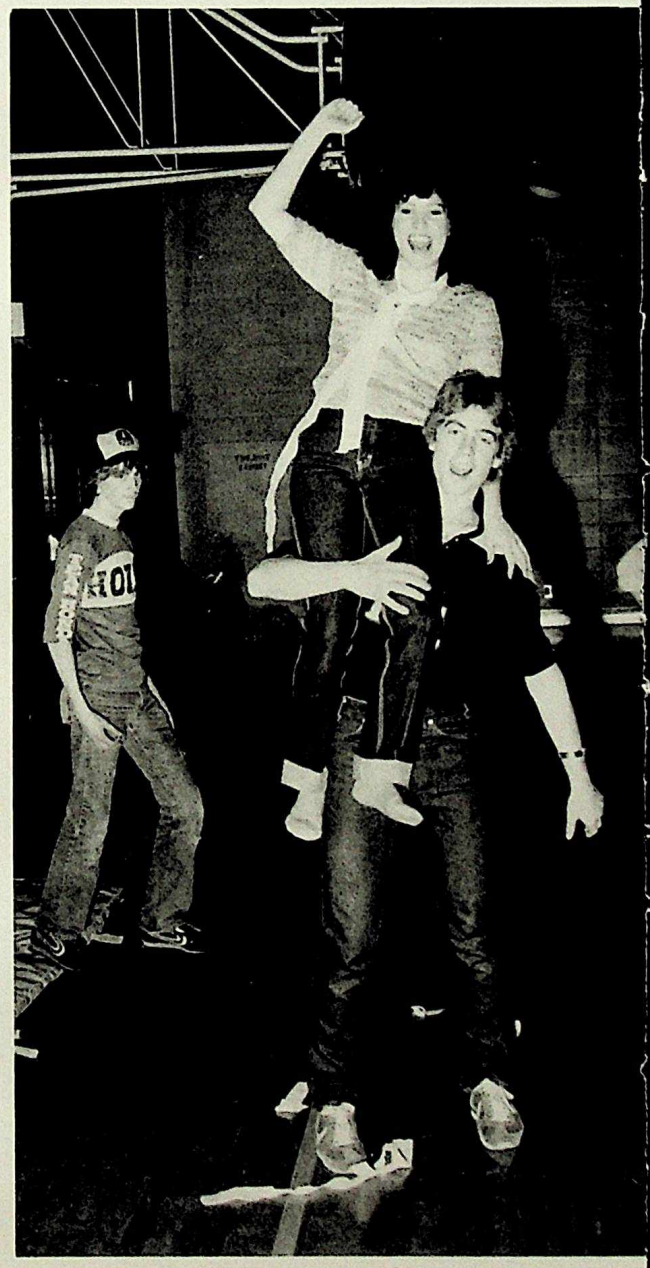
Back row: Mike Dzenik, Maureen Buchanan, Shelly Watson, Craig Staring, David Tam, Dori Howard. Front row: Michelle Wright, Colleen Springer, Kelly Anne Carter.

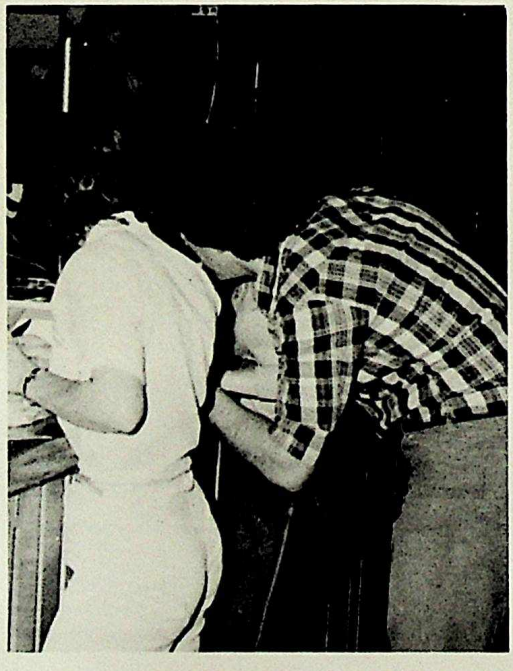
This year's Student Union executive deserves a great deal of congratulations. Most of our members were inexperienced and yet they managed to start the school spirit ball rolling. Most events were highly successful and those that were cancelled were due to a lack of outside support, not student participation. The rearrangement of the Executive system in September allowed for new ideas to be presented. All in all it was a successful year for Student's Union and again, a big thanks should go out to them.

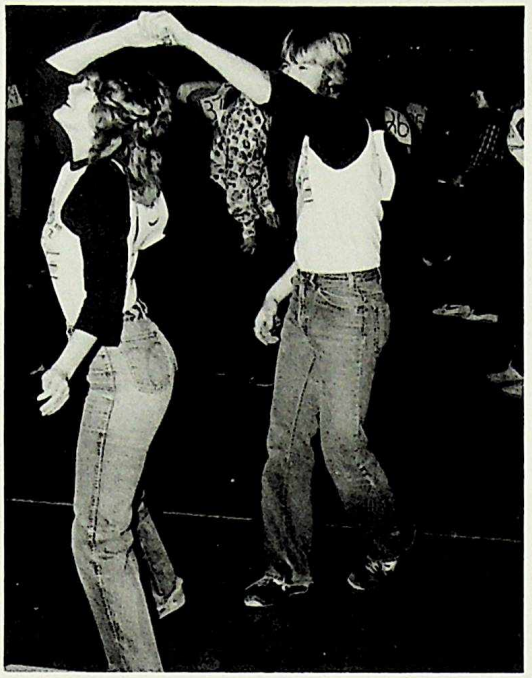
Michelle Wright
President 1980-81

DANCE-A-THON V

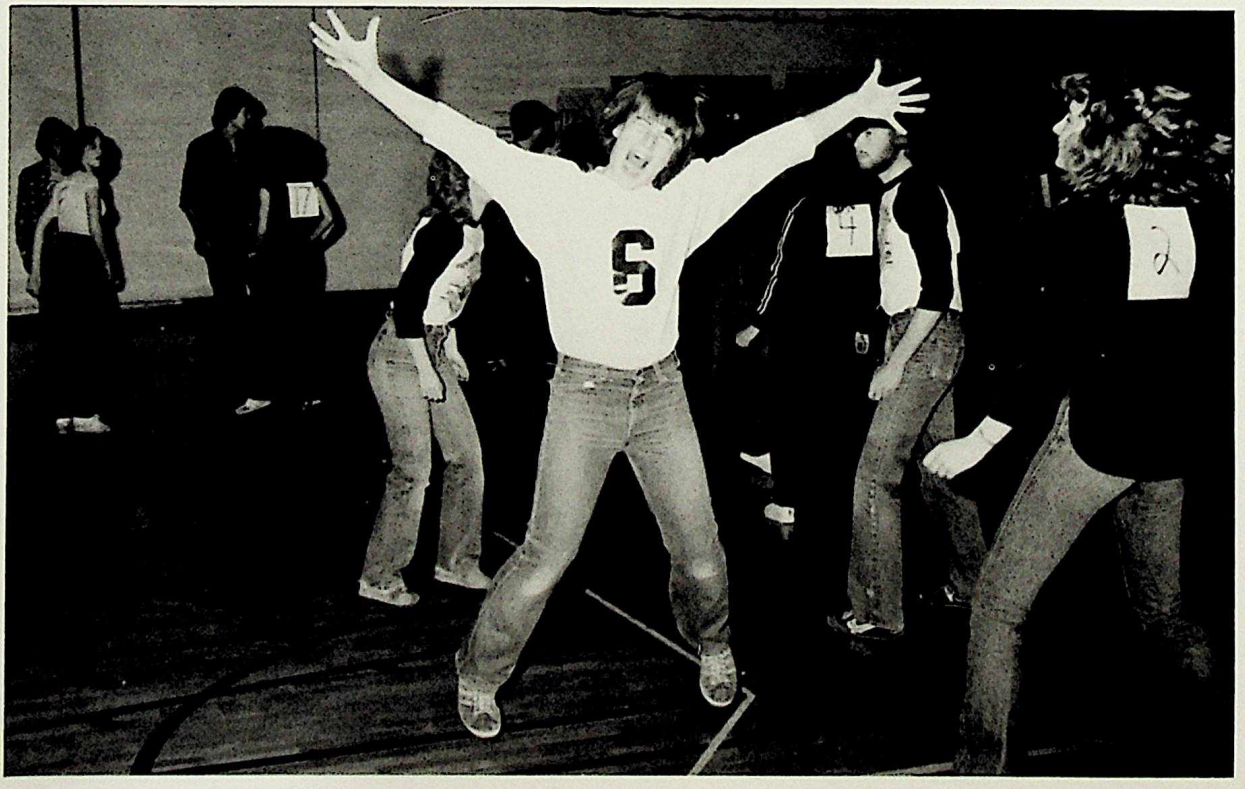




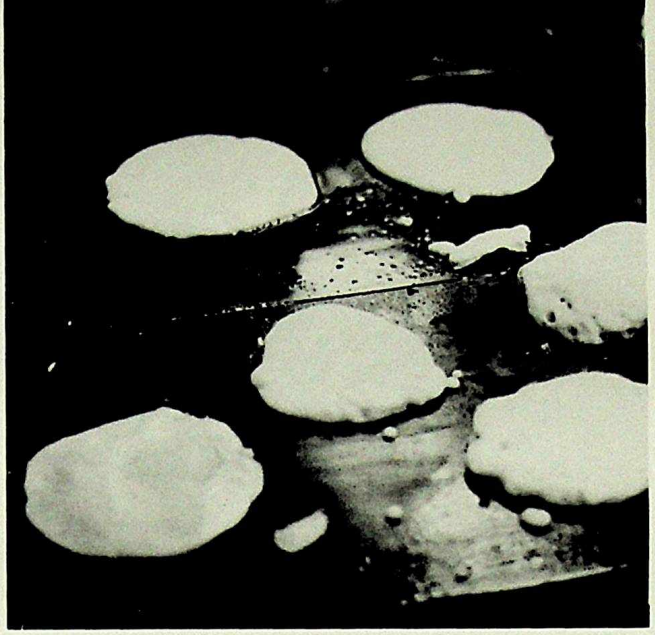


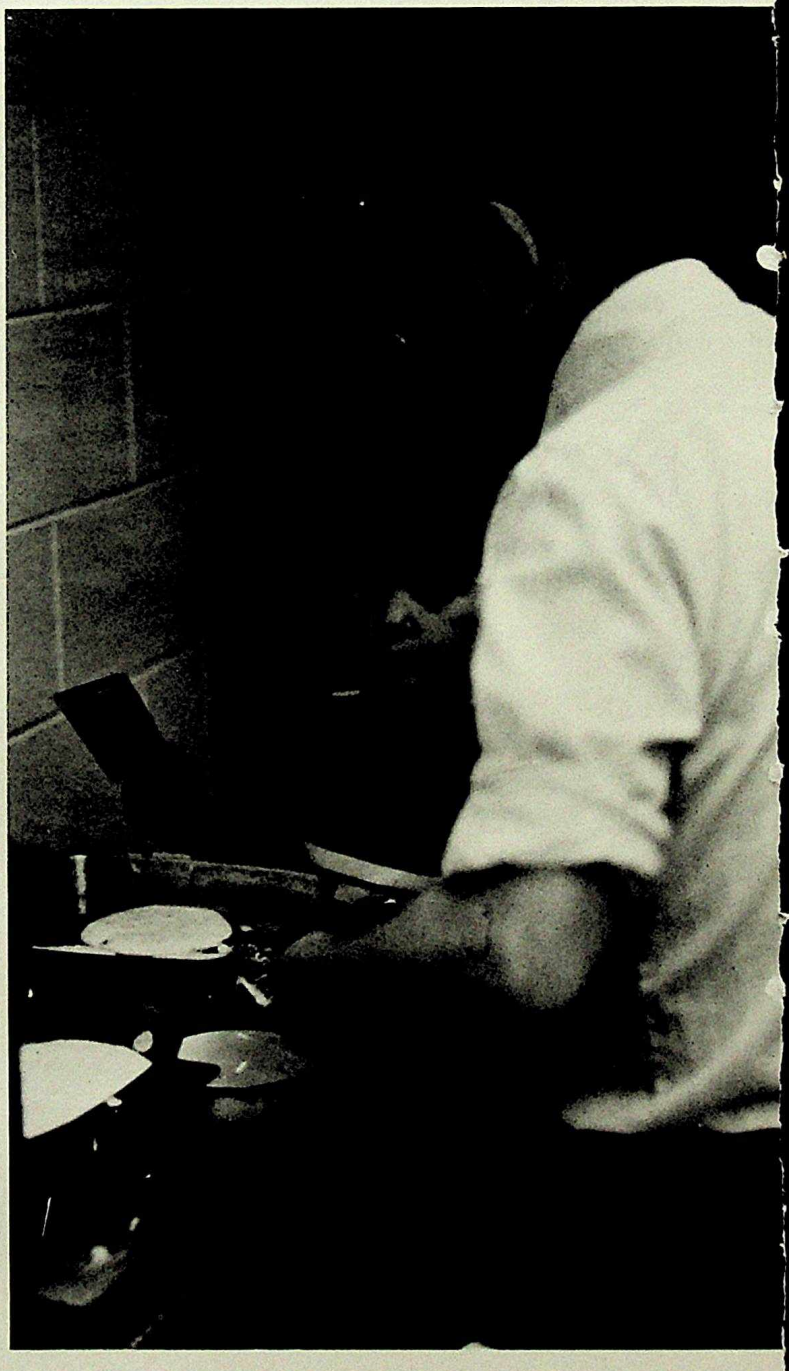


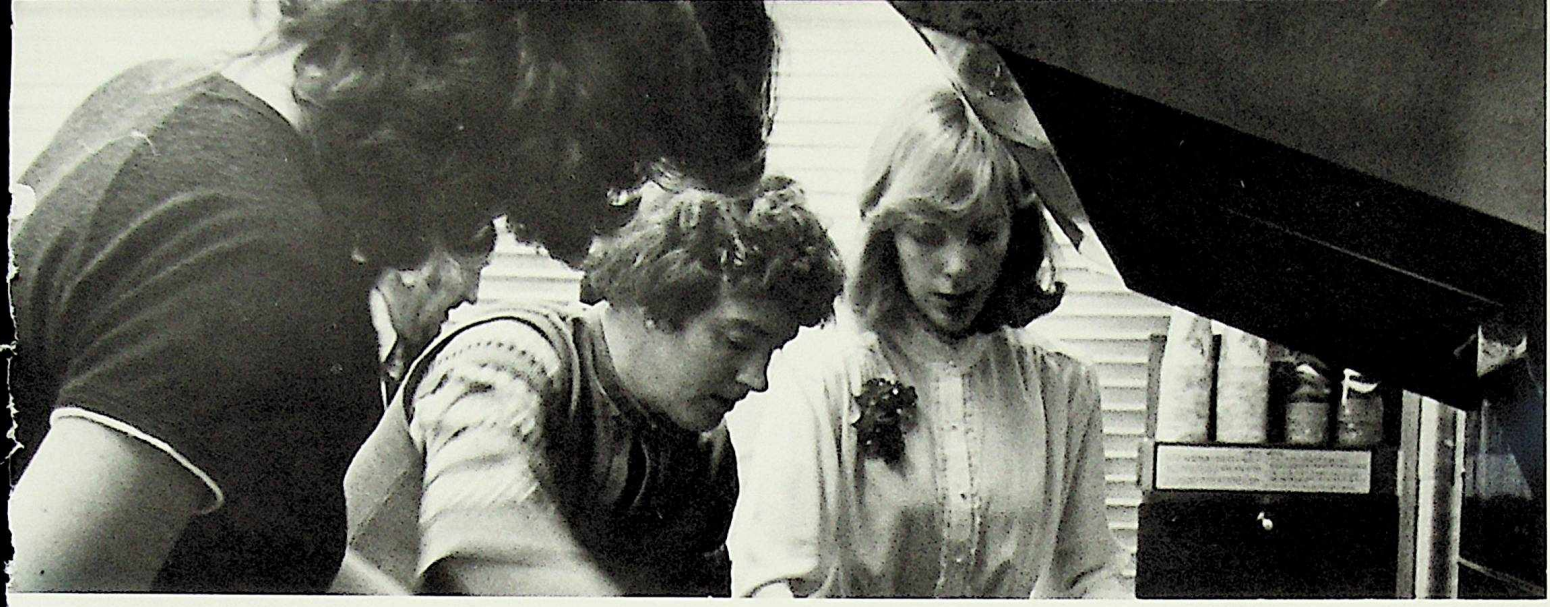
Forty-five McNally couples went through a gruelling 12 hours of dance-a-thons madness this year. The money raised for the dance-a-thon was used for various charities.

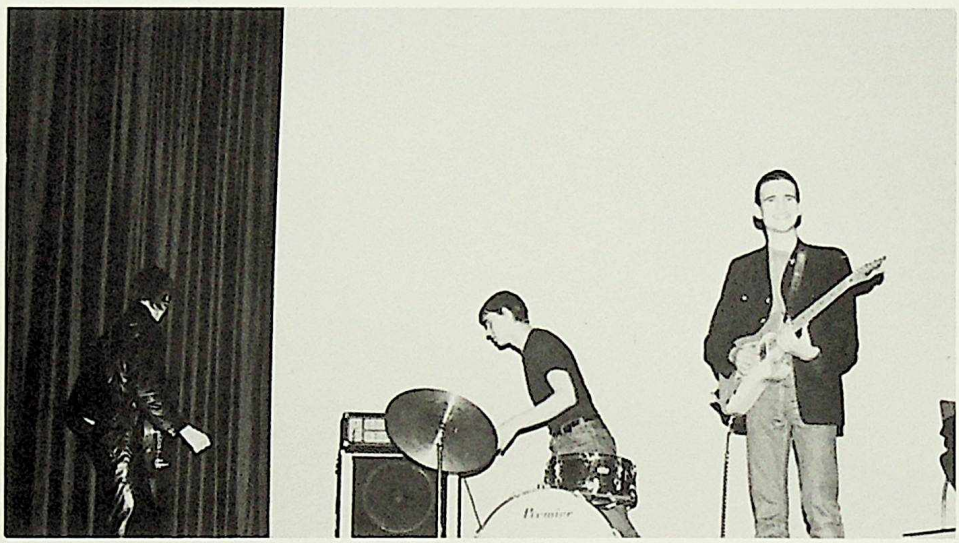


CHRISTMAS '80

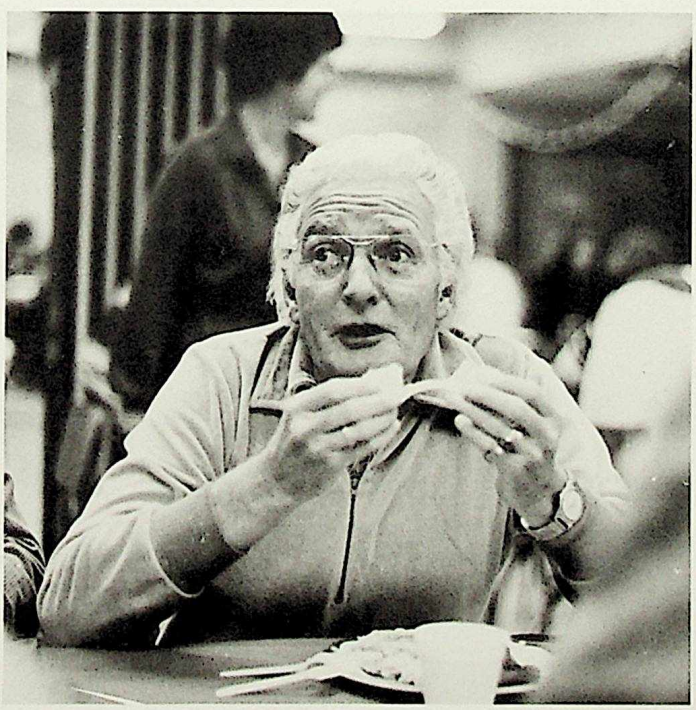




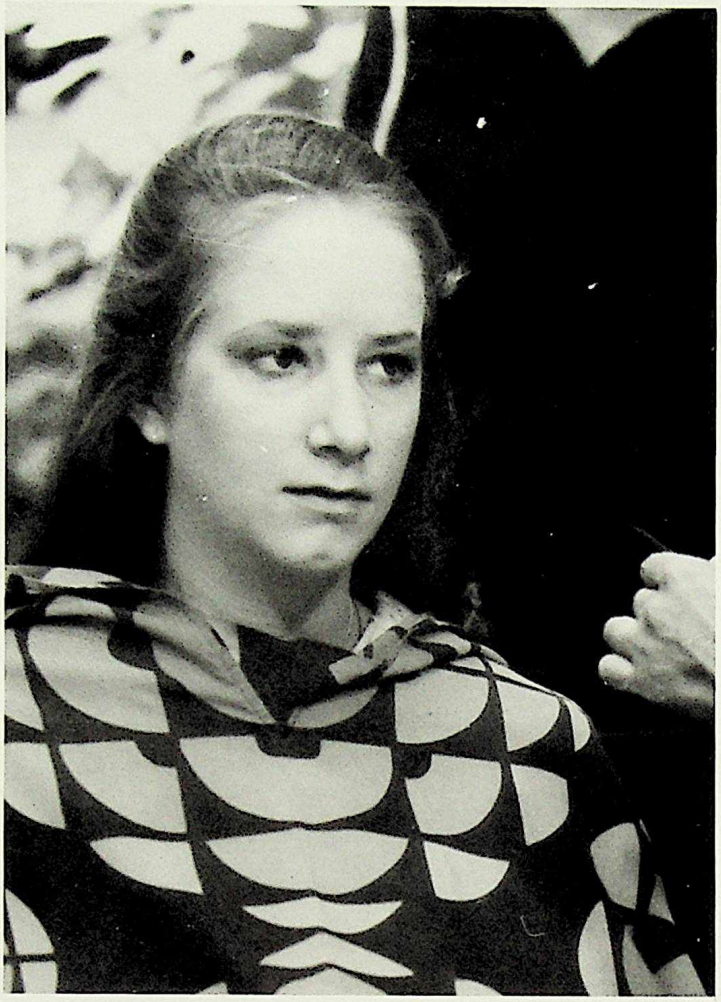




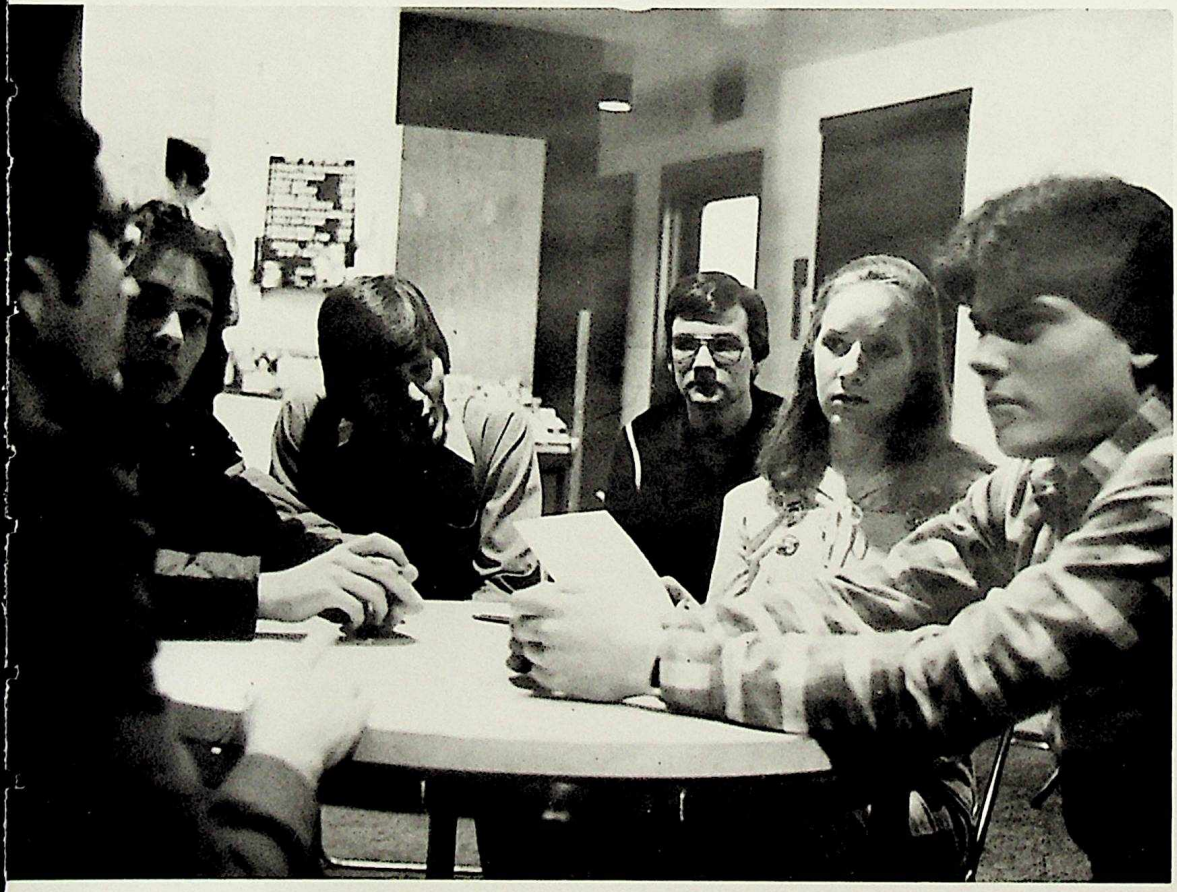
History was in the making at McNally this year — the pancakes were actually edible! Perhaps this was due to the fact that we had so many great chefs; Larry Branter, Alex Moir, and Tom Townes. After breakfast photographs were taken with Santa and the annual Lit provided entertainment. A good time was shared by all who joined in the festivities.



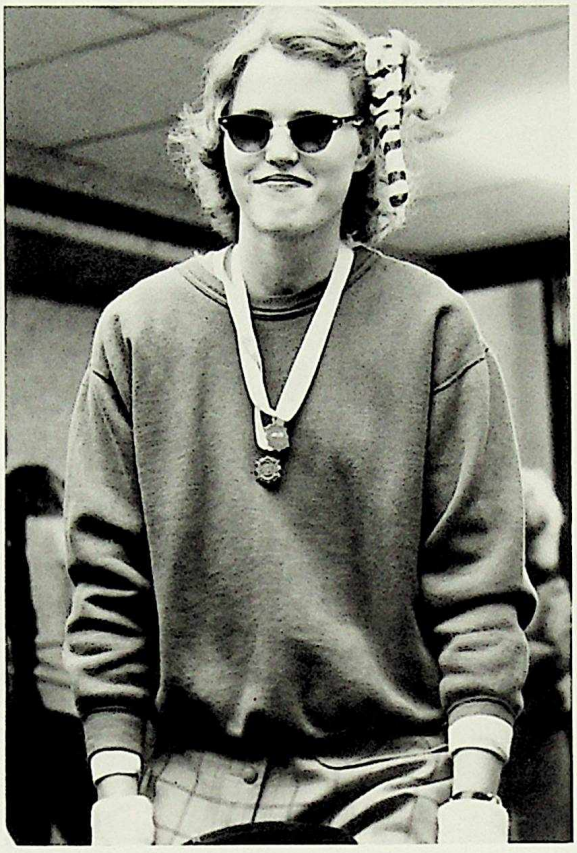
REACH FOR THE TOP

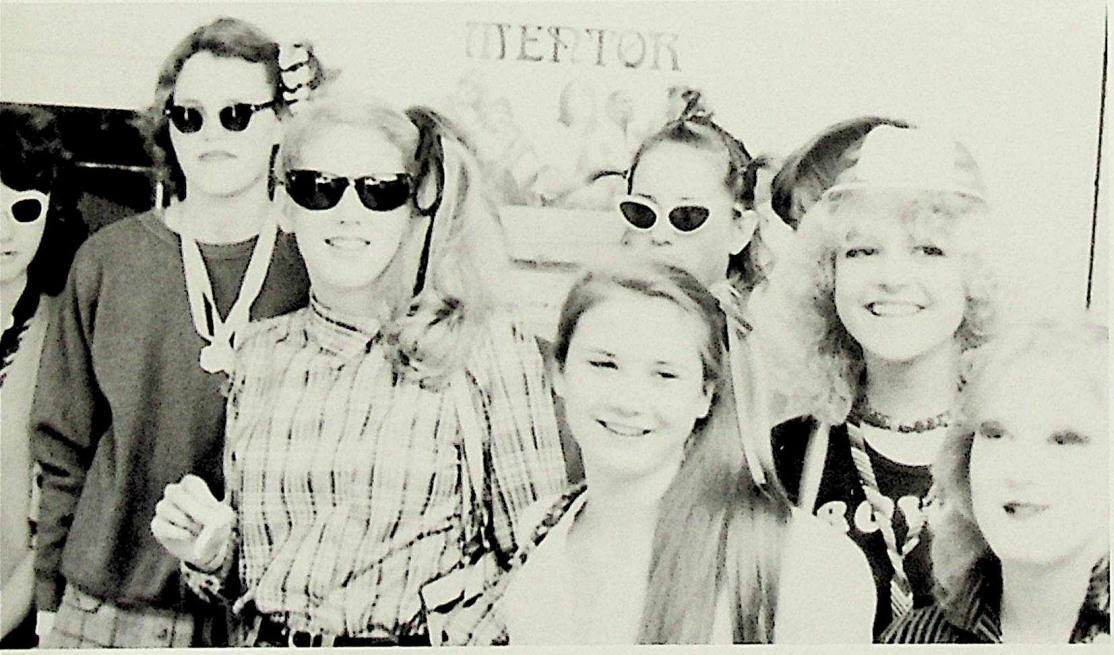


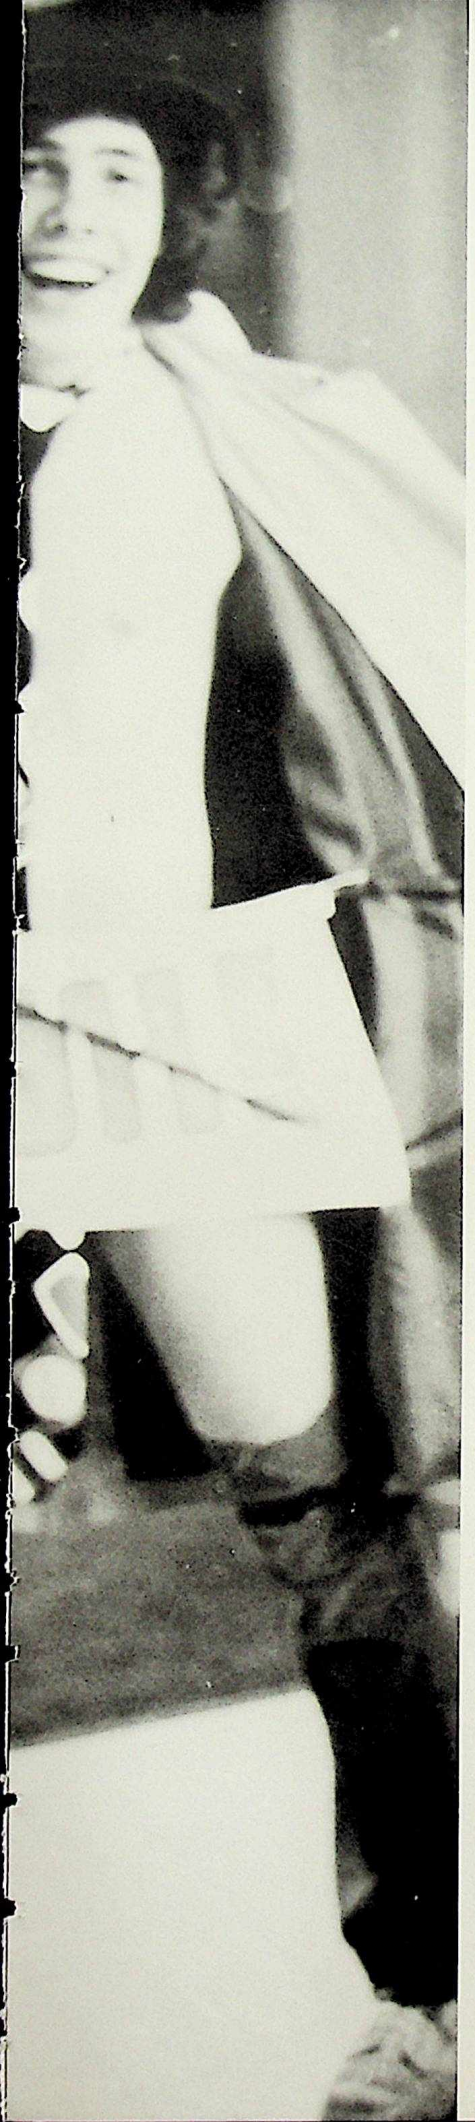
Mike Dzenick, Les Reinke, Ken Shipka, Pat Dunnigan and Michelle Wright gave their best shot in CBC's Reach for the Top Competition this year. McNally won their initial game against St. Mary's, but unfortunately lost out to Strathcona in the next round.



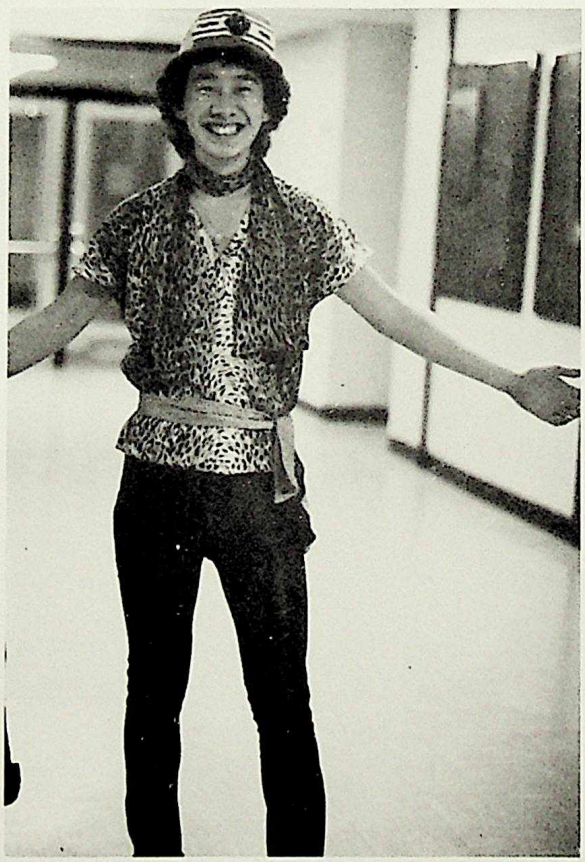
NEW WAVE DAY







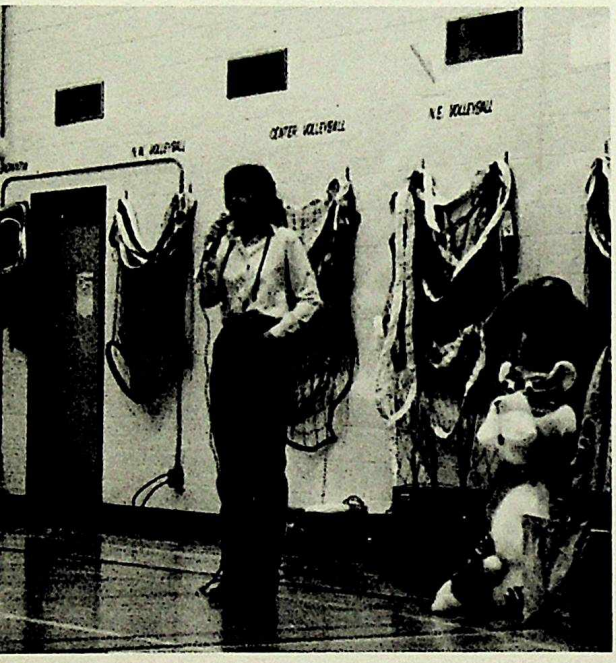
The shock of new wave day rattled even the most liberal minded observers.

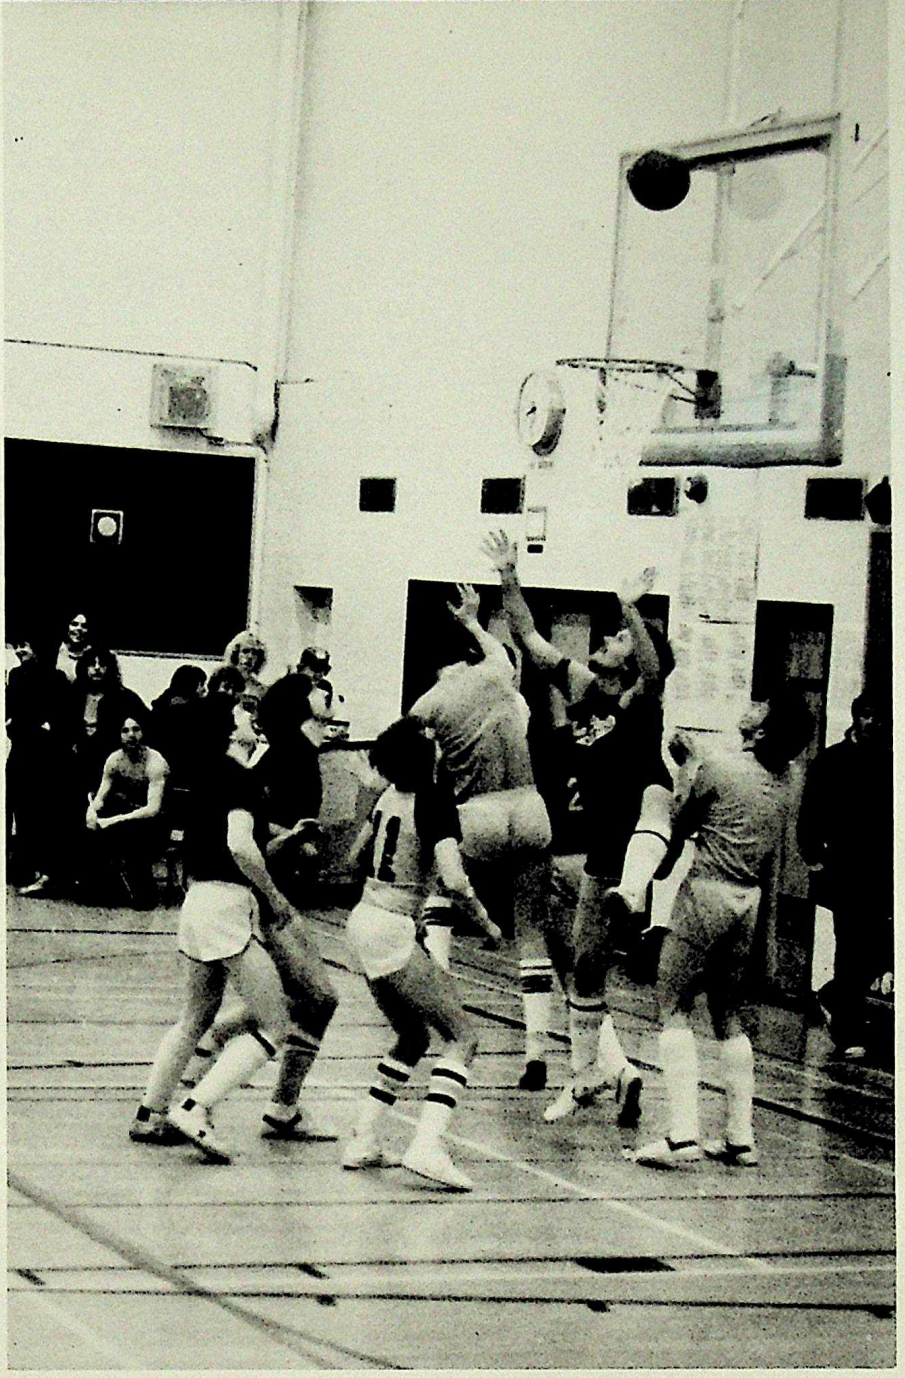


Pink hair, crazy zany glasses, flashy ties and many other wild fads filled McNally halls. New wave music started to overtake the air waves and this day gave students an opportunity to punk out!

ALUMNI NIGHT

McNally hosted another successful alumni this year. A traditional basketball game was held between our '81 tiger team and past McNally players. Afterwards a celebration was held at the Golden Garter, where there was an opportunity to renew old friendships and form new acquaintances.





OPEN HOUSE

Educational and club displays were a part of the setting for Open House this year. People from the community, parents, and perspective students gathered in McNally halls and classrooms to observe and partake in the pleasant atmosphere of McNally.

Participation is the name of the game! Spirit and involvement in activities is what creates a successful school year; whether it involves dressing up for a special day or creating something for the school.

Old Days

Old days, good times I remember,
Fun days, filled with simple pleasure,

Drive-in movies, comic books, and blue jeans,
Having races, hockey games and birthdays
take me back to a world gone away.
Memories seem like yesterday.

Old days, good times last forever,
Gold days, days I'll always treasure,

Funny faces, full of love and laughter,
Funny places, summer nights
take me back to a world gone away
Memories seem like yesterday.

Old days, on my mind and in my heart to stay.
Old days, darkened dreams of good times gone away.
Old days, days of love and feeling fancy free.
Old days, days of magic still so close to me.

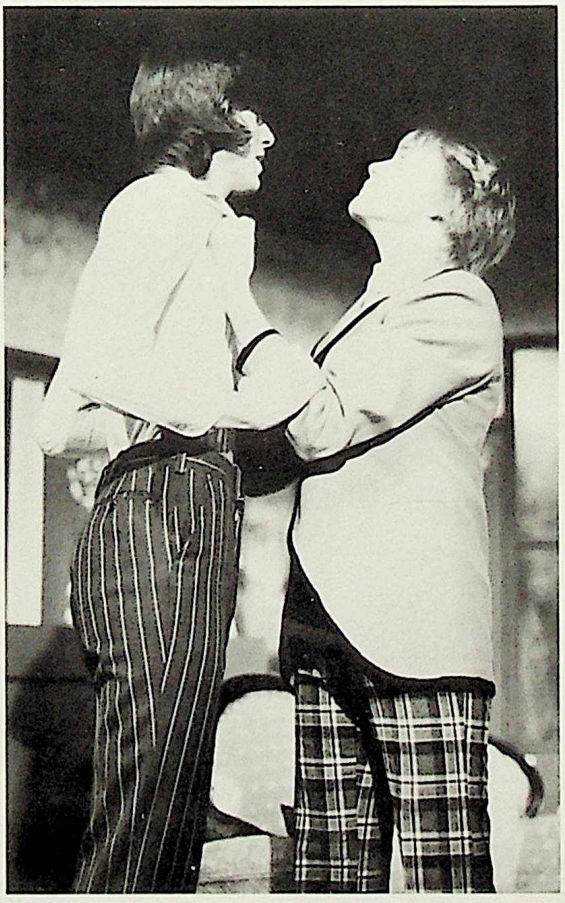
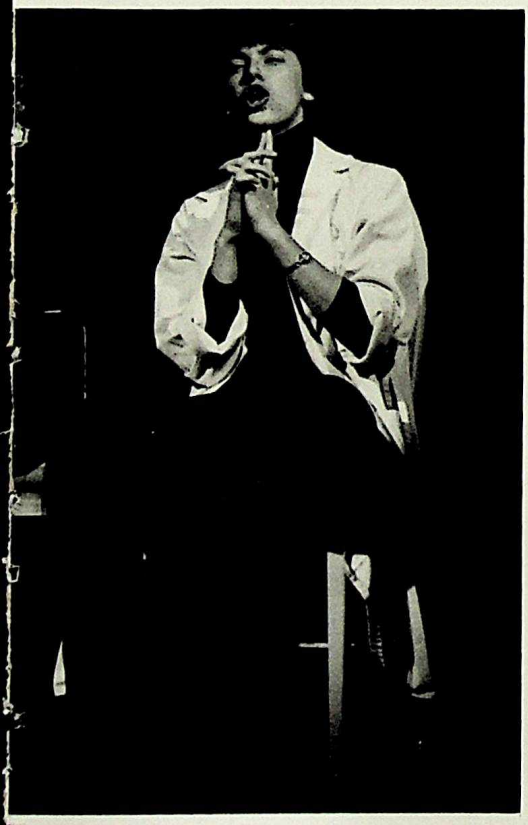
DRAMA

Back row: Beatrix Albarda, Margo Majaziak, Liam Alexander, Jim Campbell, Martin Bishop, Jean Greenioge, Ivan Jonsson, Deztziny McCall, Sandra Hunchak. Middle row: Patty Kostyk, Mrs. Burchak, Lisa Cannan, Chris Enfield, Laurie Erwin. Front row: Mike Pollard, Carren Kuhberg, Brigit Tominiuk, Shelley Gajda, Brad Ball, Mark Smith, Jodie Benson, Deb Ewing. Missing: Kelly Ranks, Julie Chen.

This year's Drama Club is in the midst of a very successful season. Through the support of a slave auction the make-up crew raised money for supplies. "A Touch Of Terror" started off the season with "Afterwards" a one-act play as well as 2 reader's theatre productions of "Count Dracula" and "With One Stone". "Foiled by an Innocent Maid" and George Bernard Shaw's "Passion, Poison and Petrifaction" gave a melodramatic touch to the year.

Stay tuned. There's more to come!

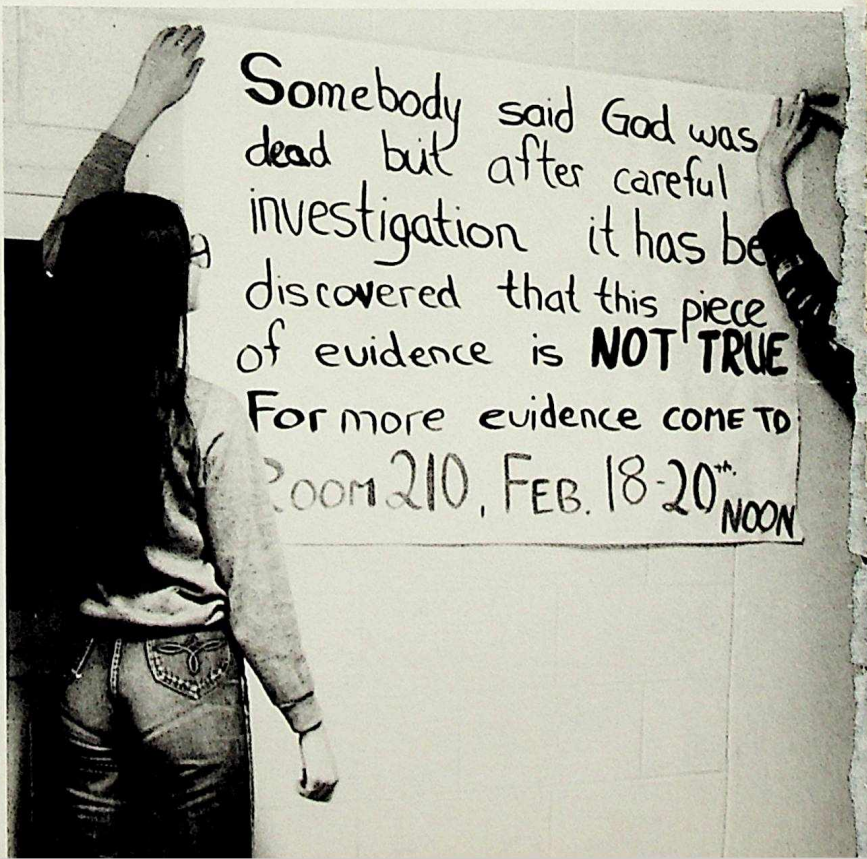




I.S.C.F.

Members: Leanne Dyck, Jo-Anne Pollard, Gwen Barr, Pat Reuss, Heather Edwards, Carol Douglas, Mr. Johnson (Sponsor), Trina White, Ken Shipka, John King. Missing: Les Reinke.

If someone were to ask what we did as an I.S.C.F. group this year, we probably think of all the CRAZY times we had. For instance painting faces instead of posters, and painting posters instead of doing homework. Also indoor bar-b-ques, city-wide events like the haunted house and the bus to nowhere. But the memories that will stay with us forever is the joy each person has found through the person of Jesus Christ. Through Him we groaned and grew, learned and laughed. Remember McNally when you think there is nowhere to turn, ASK SOMEONE WHO KNOWS!



Somebody said God was dead but after careful investigation it has be discovered that this piece of evidence is NOT TRUE

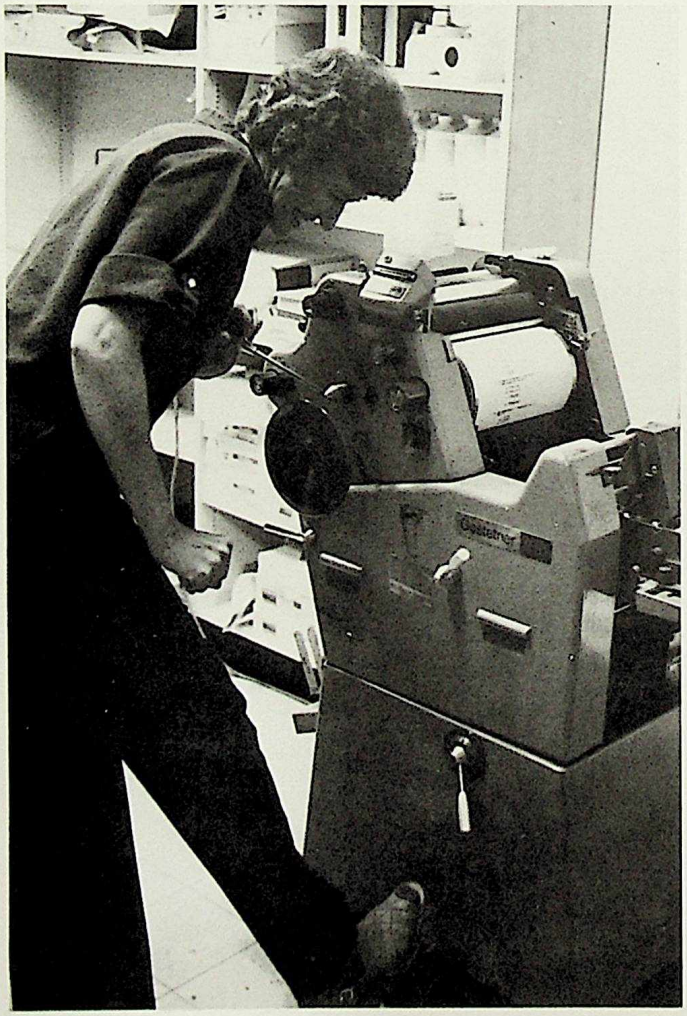
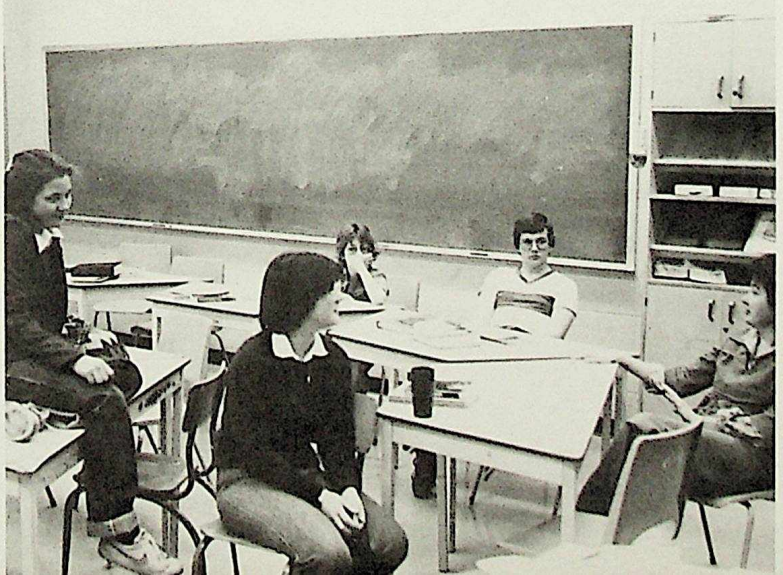
PAPER TIGER

Staff: Todd Junck, Dale Dahl, Les Reinke, Miss Smith (Advisor), Mrs. Fadden (Printer), Cathy Boehm, Margaret Pringle, Gwen Barr, Shain Ladak.

The Paper Tiger, which underwent a name change and an increase in student participation this year, informed staff and students of school activities and student achievement throughout the year. Through the work of Miss Smith and the Paper Tiger staff, the paper attempted to show that McNally is number one.

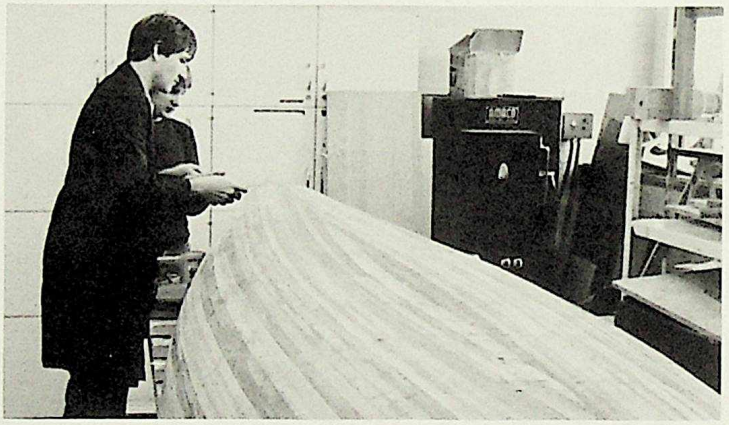




MATERIALS

Members: Daniel Samborsky, Mr. Toplensky (Advisor), Tim Shewchuk, Langford Bawn, Tom Dean, Peter Cherniawsky, Neil White, Jim Normey.

This year's activities included everything from rearranging the shop, making lamps to building canoes.



GRAPHICS

Members: Lisa Nazdiuk, Cheryl Wowk, Kathy Macovichuk, Jeanette Simmons, Sherri Gray, Sandra Carver, Karen Henson, Janet Popowich.

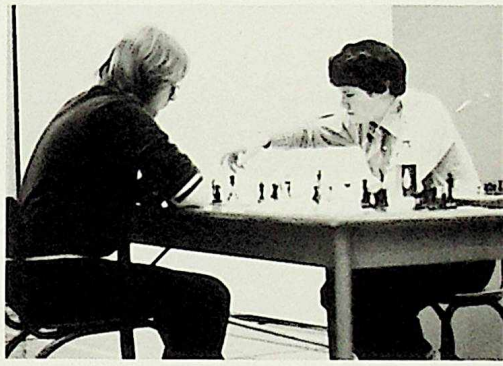
ELECTRONICS

Scott Alexander, Brad Allen, Mark Biciunas, Sean Bluett, Jeff Burnard, Lonnie Dunn, Pat Dunnigan, Bruce Edwards, Jim Hnatiuk, Darren Hucul, Tim Hucul, Darren Hunt, Brett Johnson, Glenn Kautz, Brian Kitt, Greg Kushnir, Blaine Manyluk, James McCleneghan, Jim Patterson, Darcy Petrovic, Trevor Place, Vladimir Pohnert, Shane Ranta, Alfred Rayment, Garren Schafer, Roger Shapka, Tim Sqgouromitis, Cary Stiller, Mark Trick, Randy Whillier, Duncan Wilson, Havince Yacyshyn, Kelly Adams, Liam Alexander, Terry Butt, Jamie Edwards, Scott Harper, Anthony Hruschak, Blair Lobreau, Chris Rasmussen, Les Reinke, Manfred Rockel, Tom Sutherland, Duncan Swain, Terry Hillman, Jeff Wright, Ivars Finvers, Brian Kozak, David Kushnir, Alan Mitchel, Jody Palmer, David Pentyliuk (President), Peter Richard, Gary Probek, David Tam, Bruce Trick, Harold Yacyshyn, Ian Eagles, Chariris Saulit.

The club consists of 60 members, the largest in the school. This club meets every noon hour to build electronic equipment and write computer programs. Projects built by club members include 15 computers worth well over $35,000.

CHESS

This year's Chess Club suffered from a slow start and reduced participation. One item of interest, though, was the playing of Rob Gardner in the National Cadet (under 17) Closed Chess Championship. Next year's club, with the experience of return members, promises to be very successful. The potential of the club is reflected in its ownership of a Chess Challenger 7 and a high quality chess clock. Plans underway for inter-school competition next year are also encouraging.



SCI-FI

S.F. Club is an organization dedicated to Science fiction enthusiasts. Meetings are held every noon hour where anyone of a number of sf games are played. This, being our first year, has mainly been an experiment period where a variety of games are tried but next year we will have a rough schedule worked out for our members. Next year we tentatively plan to branch off into model rocketry. As a final note, we have an entrance fee of ten dollars put towards purchasing games to be permanently kept by the club.

HIKING CLUB

The activities of the club are to share information on trails in the Rocky Mountain via slide shows, oral presentations, etc. Each spring the club undertakes a major field trip to the Rockies. This year the historic Saskatchewan River Crossing area will be visited.

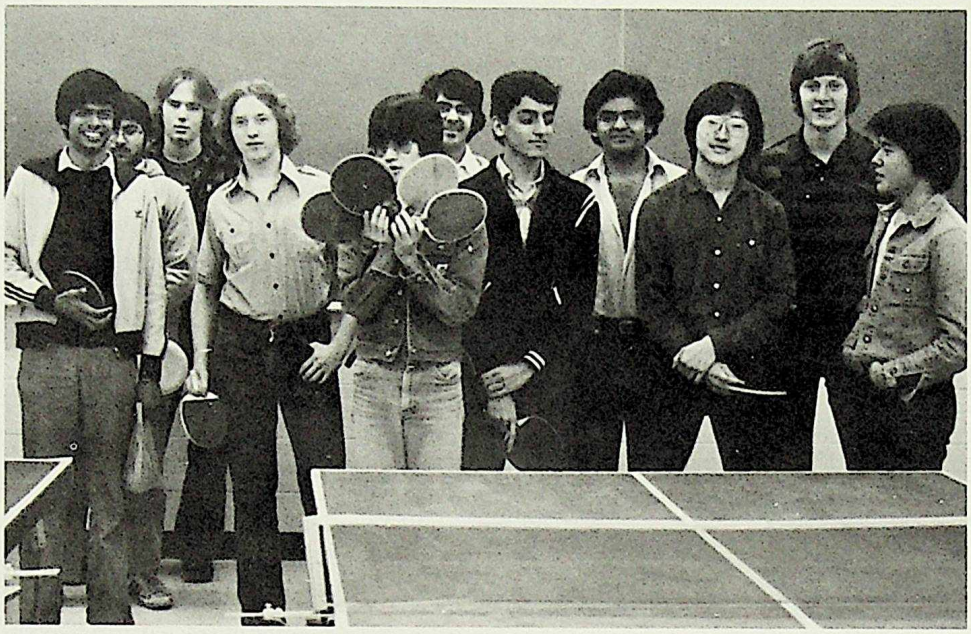
Members: John Sherret, Susan Aistorpe, Carol Douglas, Pat Koesling, Sherri Grey, Janet Popwich, Sandra Carver, Wendy Good, Karne Henson, Michelle Wright, Dave Ward, Wendy Hewitt, Kristine Thomlinson, Ed Chell, Allan Broughton, Todd Morstad, Greg Nacuk, Craig Reimer, Susan Selby, Mike Dzenick, Raymond Bock, Todd Hubert, Carolyn McNee, Audra Anderson.

UKRAINIAN CLUB

Our trip to the Ukraine started on the morning of March 20th. Our first major stop was Moscow. From there we went to Kiev by plane. We then travelled to Poltava, Luib, Chernitst and Odessa by train, which we all found to be quite an experience! We spent our last night overseas in Helsinki. In each city we were supplied with intourist buses and tour guides. The tours took us to museums, churches, parks and monuments. We all found the trip to be an excellent educational experience, but it was sure nice to come home.

Members: Greg Naciuk, Todd Bradely, Mr. Markowski (Sponsor), Shelley Kushner, Keenan Hohol, Christine McNee, Don Kashuba, David Park, Clete Pare, Linda Melnychuk, Ollie Sluzar, Julie Ulan, Jill Shipka, Connie Uzwyshyn, Cindie Melnychuk, Jane Ozdoba, Raylene Palichuk.

PING PONG CLUB



Members: Hanif Nanji, Ken Shipka, Lauwrence Li. Ken Park, John Kim, Jay Bahardia, Steve Masters, Shamash Dhanani, Ashif Nanji, Munchu Chavda, George Walker, Rob Preiss, Al Williams.

The Ping-pong Club is essentially designed to have fun and make new friends. It successfully survived this year with 4 tables. Lessons have been offered to improve play. As members have taken care of equipment the cost of maintenance was minimal and we could afford $10 of our budget to go towards Xmas hampers.

BADMINTON CLUB

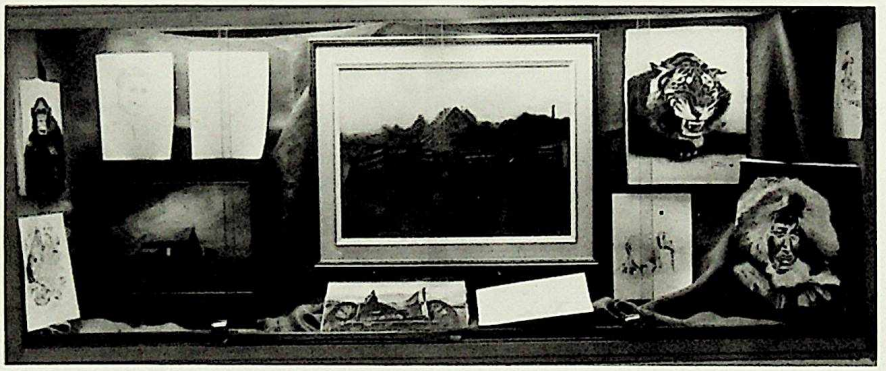
Members: Eugene Belozer, Terry Paterson, Richard King, Ken Shipka, Gordon Jesse, Christine McNee, Patricia McIntosh, Kelly Vandeburg, Jim Patterson, Pamela McFadden, Gail Jeffrey, Marianne Rankin, Shamish Dhanani, Lawrence Li, Alex Paplos, Ken Cho, Kathy Webb, Colleen Hammermaster.

Each Thursday noon, the members play badminton in the large gym. Some tournaments were conducted.

MUSIC

Music is a universal language understood and loved by all, whether it be symphonic, jazz, rock or soul, the meaning is the same. It is a uniting force which causes those who were here it to feel with their hearts.

ART



The canvas for the artist is an empty world onto which he may create the emptiness of a wheatfield in winter, the crisp expectation of a spring sunrise or a story of love, fear, pain and joy.

Back row: Allan (are the pictures developed yet?) Williams; Robert (what! more ads?) Pollard; Ian (I did it my way) Knight; Lori (I need some help) Reed; Denise (does this look O.K.?) Budinski; Dan (I'm sick and tired of copy) Waterman; Mr. Gregg (now don't think I'm trying to criticize . . .) Johnson. Front row: David (don't bother me I'm trying to work) Starchuck; Shelley (what, they didn't turn out?) Ewoniak; David (Sir Gallahad) Smith. Missing: Ruth (I don't think I can face another typewriter) Callander; Ronda (the bums on the last page) Johnson; Allan (I quit!) Mitchell; Ken (would you like to sponsor us?) Shipka.

Quite literally this was the worst of Times and the best of Times. Off to a slow start, beset by confusion and disorganization, and frustrated when a key member of the editorial staff moved to Calgary, we really thought that our number had been pulled. But McNally has depth and reserves that we hadn't counted on, and the members of this staff without exception did a magnificent job of putting this production together. Special thanks to Ruth Callander for working two months all day long, to Al Williams and Ian Knight for hanging in there through it all, to Ken Shipka for single-handedly raising $2000.00 in advertising, and to each of the others for their indispensible contribution during the hectic days preceding the deadline. This yearbook is yours and the students and staff of this school appreciate your dedication and unselfishness.

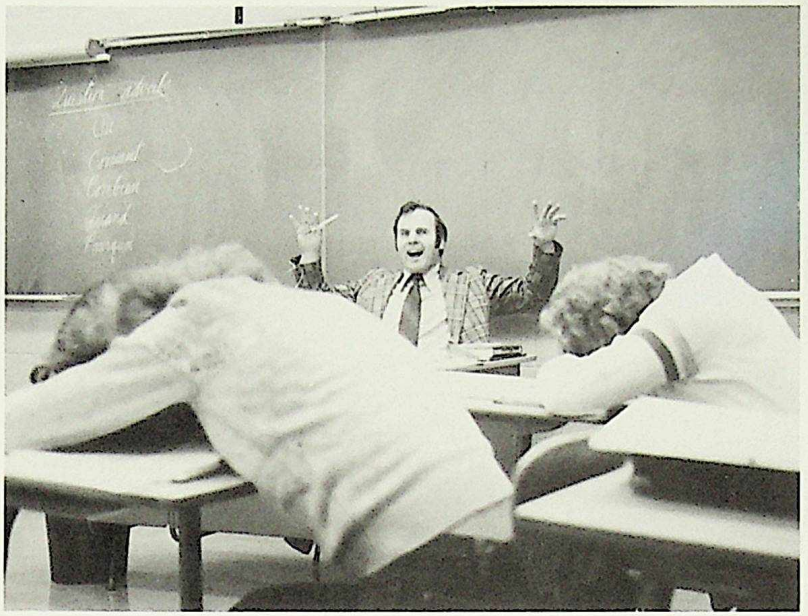
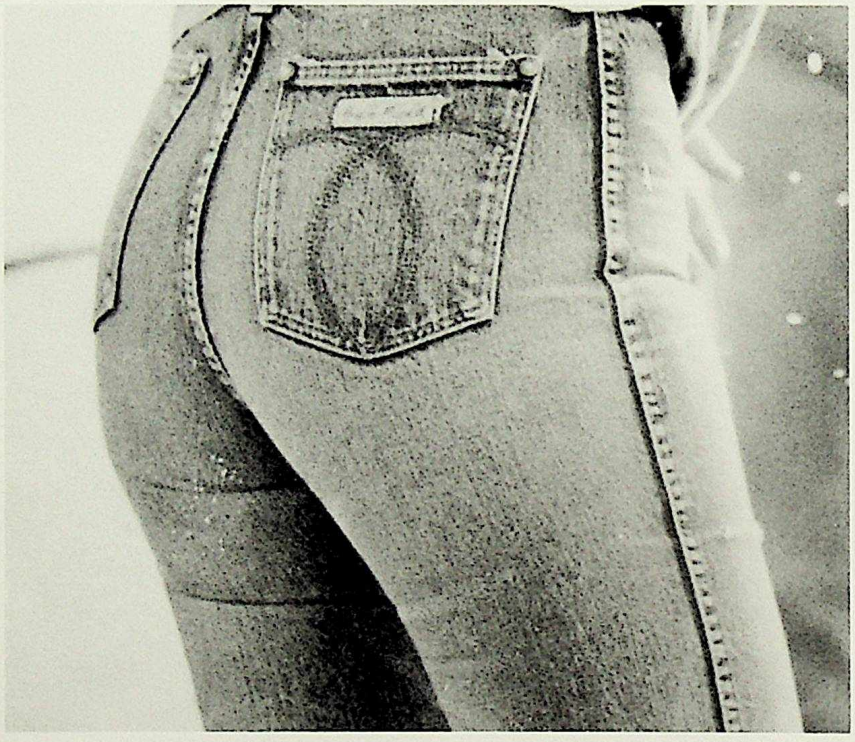
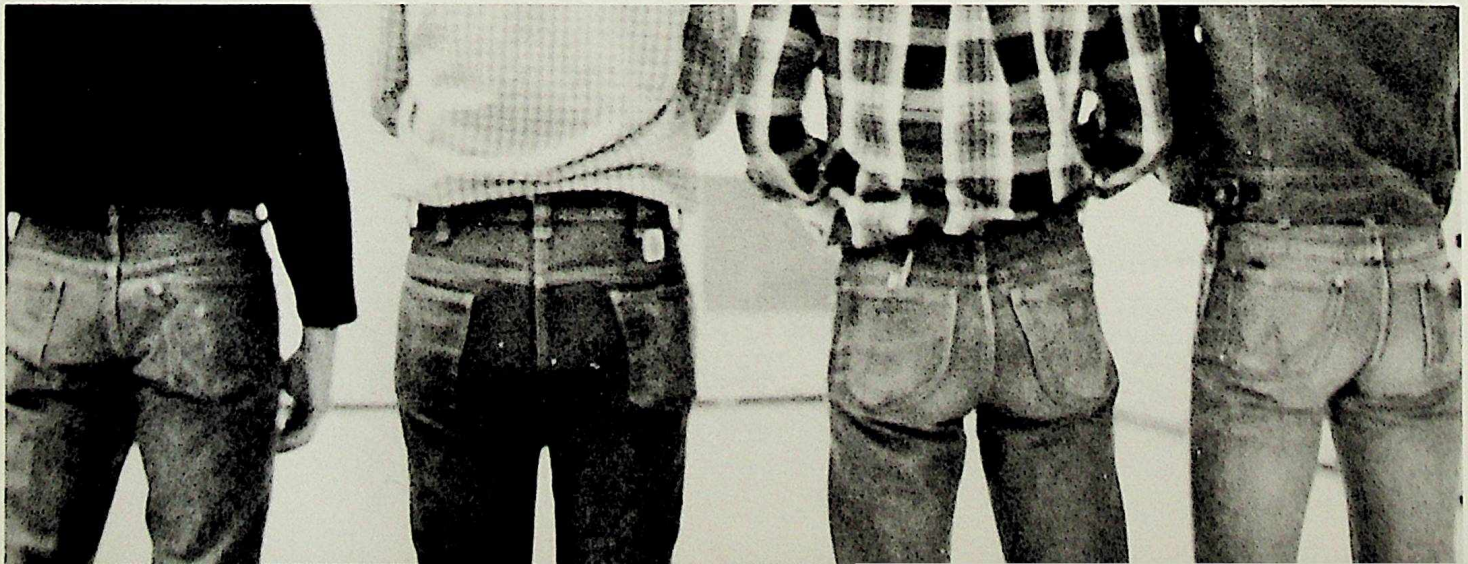
VANGARD

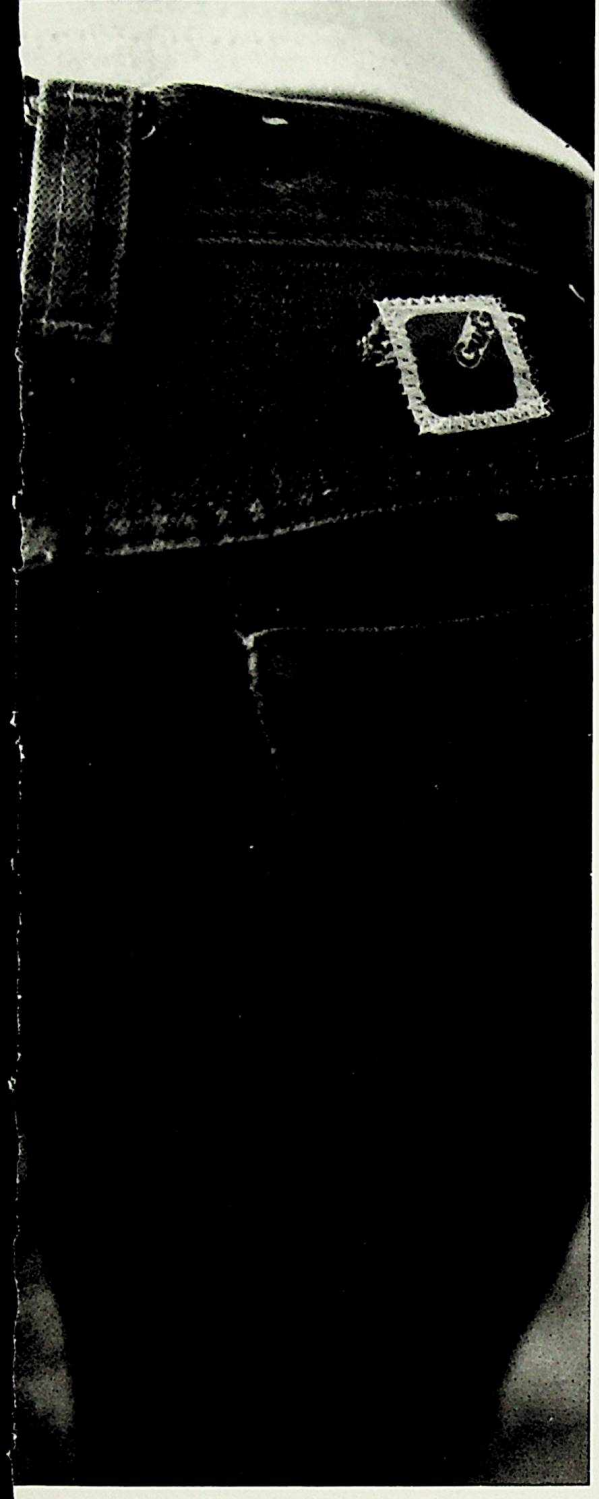


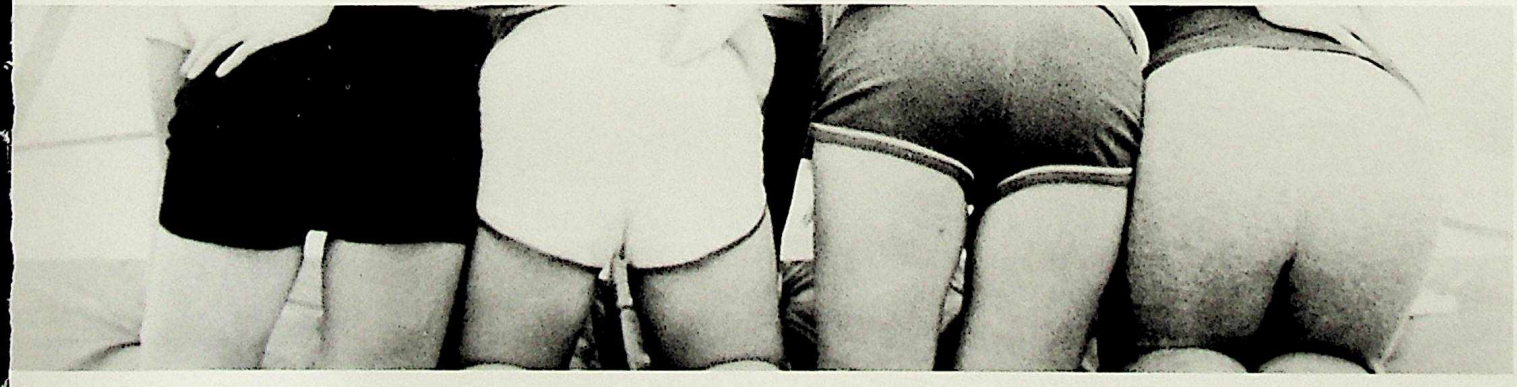
Can you recognize these McNally students? This year the Trend staff thought we would show another *Side* of the students who go to this school. Some thought this page wold be a real *bummer,* but we consider their viewpoints rather *behind* the times. These photographs try to capture the essence of one of McNally's favorite pastimes, *"bumming around"* and one of McNally's most prominent features.

THE *END*









TOMORROW

by Dan Waterman

We spend our whole life reaching
for it
But it's never quite within our
grasp

And when we finally get there
It's not all that different from the
past.

Maybe the only way to see
tomorrow
Is to look at yesterday
And use the image of days gone
by
As a window to future ways
